

Opportunity Title: U.S. ARMY - Chemical Biological Center Engineering Intern

Opportunity Reference Code: CCDC-CBC-2021-0007

Organization U.S. Department of Defense (DOD)

Reference Code CCDC-CBC-2021-0007

How to Apply Click on *Apply* now at the bottom of the opportunity to start your application.

Description The US Combat Capabilities Development Command, Chemical Biological Center (DEVCOM CBC) is offering an internship at the Rock Island, Illinois facility.

What will I be doing?

As an ORISE participant, you will join a community of scientists and researchers in an effort to collect and analyze existing and potential future data elements to develop data architecture and framework for web-based data repositories to efficiently and effectively ensure all users have appropriate data access levels.

Why should I apply?

Under the guidance of a mentor, you will gain hands-on experience to complement your education and support your academic and professional goals. During your appointment you will engage in activities and research in several areas. Along the way, you will learn project management techniques and tools to increase project success potential and apply to specific project(s). You will also strengthen your skills in conducting trend analysis and executing updates accordingly for shelf-life and surveillance testing processes, procedures, and data/documentation.

Additional learning objectives are as follows, but are not limited to:

- Designing and developing SolidWorks 3D models and drawings specific to existing organizational procedures.
- Collaborating, communicating, and coordinating with stakeholders to refine requirements and project objectives.
- Communicating status updates through briefings to stakeholders.

Where will I be located?

Rock Island, Illinois

What is the anticipated start date?

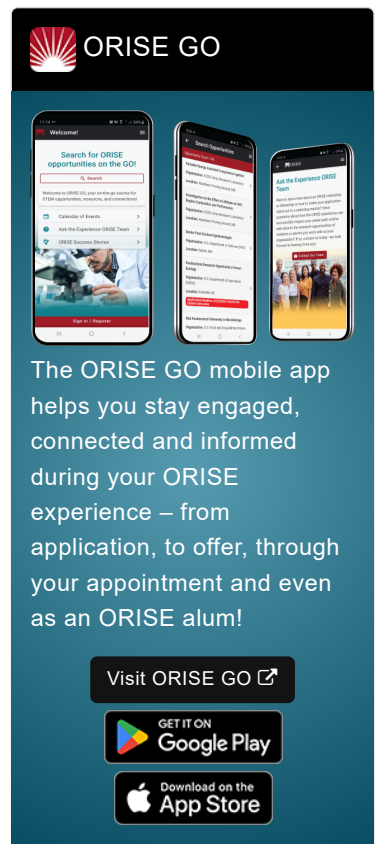

The DEVCOM CBC is ready to make appointments immediately. Exact start dates will be determined at the time of selection and in coordination with the selected candidate. Applications are reviewed on an ongoing basis and internships will be filled as qualified candidates are identified.

Appointment Length

This appointment is a twelve month research appointment, with the possibility to be renewed for additional research periods. Appointments may be extended depending on funding availability, project assignment, program rules, and availability of the participant.

What are the benefits?

You will receive a stipend to be determined by DEVCOM CBC. Stipends are typically based on a participant's academic standing, discipline, experience, and research facility location. Other
