

Opportunity Title: CDC Infant and Young Child Nutrition Fellowship
Opportunity Reference Code: CDC-NCCDPHP-2021-0142

Organization Centers for Disease Control and Prevention (CDC)

Reference Code CDC-NCCDPHP-2021-0142

How to Apply *Connect with ORISE...on the GO!* Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

Application Deadline 6/16/2021 3:00:00 PM Eastern Time Zone

Description *Applications will be reviewed on a rolling-basis.

CDC Office and Location: A research opportunity is currently available with the Nutrition Branch in the Division of Nutrition, Physical Activity and Obesity (DNPAO) within the National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP) at the Centers for Disease Control and Prevention (CDC) located in Atlanta, Georgia.

Research Project: This project will provide training in the area of domestic US maternal, infant and young child nutrition, including breastfeeding, complementary feeding, micronutrients, and the development of healthy dietary patterns. The research participant will collaborate with others to identify research and surveillance gaps and translate the science into products aimed at improving maternal and child nutrition.

Learning Objectives:

- Analyzing data and developing translation products on infant and young child nutrition
- Analyzing data and contributing to manuscripts on key topics related to infant and young child nutrition; reviewing data for indicators to be included in DNPAO's interactive data portal
- Focused learning on gestational weight gain, breastfeeding, complementary feeding, micronutrient status, and the establishment of healthy dietary patterns that will help inform the development of a comprehensive DNPAO strategic plan on maternal and child nutrition
- Participating in interdisciplinary work groups and interacting with experts including public health nutritionists, health education specialists, evaluation specialists, maternal and pediatric health care providers, and epidemiologists
- Building public health skills in research, translation, and dissemination of evidence on social, environmental, and policy factors related to maternal, infant and child nutrition. The majority of the research focuses on birth through

two years of age

Mentor(s): The mentor for this opportunity is Heather Hamner (hfc2@cdc.gov). If you have questions about the nature of the research please contact the mentor(s).

Anticipated Appointment Start Date: July 1, 2021. Start date is flexible and will depend on a variety of factors.

Appointment Length: The appointment will initially be for one year, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

Level of Participation: The appointment is full-time.

Participant Stipend: The participant will receive a monthly stipend commensurate with educational level and experience.

Citizenship Requirements: This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

Questions: Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email ORISE.CDC.NCCDPHP@ornl.gov and include the reference code for this opportunity.

Qualifications

The qualified candidate should be currently pursuing or have received a master's degree in one of the relevant fields. Degree must have been received within five years of the appointment start date, or needs to be completed within 6 months if currently pursuing the degree.

Preferred skills:

- Knowledge with policy, systems, or environmental change approaches
- Training or experience in at least one of the following topics: infant and child feeding, nutrition, obesity
- Experience conducting statistical analyses with statistical software systems such as SAS, SPSS, Stata, or R

Eligibility Requirements

- **Degree:** Master's Degree received within the last 60 months or currently pursuing.
- **Discipline(s):**
 - **Life Health and Medical Sciences** (3 👁)
 - **Mathematics and Statistics** (1 👁)
