**Description** The Department of Homeland Security (DHS) Science and Technology (S&T) Directorate Office of University Programs is offering the DHS Summer Research Experiences for Federal Service Academies to provide opportunities for faculty to conduct research at the university-based [DHS University Centers of Excellence \(DHS Centers\)](#), or to participate in field studies sponsored by DHS S&T and DHS component agencies. The research will be in areas of interest common to both DHS and the Department of Defense (DOD).

The research experience will be held for 4-6 weeks during the summer of 2016. DHS S&T will provide funding for travel expenses including lodging and per diem expenses up to \$5,000 for participants who live more than fifty miles, one-way, from their assigned DHS Center or field study site.

Faculty from all science, technology, engineering and math (STEM) disciplines are encouraged to apply, including faculty in agricultural sciences, biological/life sciences, computer and information sciences, engineering, mathematics, physical sciences, psychology, and social sciences.
