

Opportunity Title: 2023 Repperger Summer Research Internship Program
Opportunity Reference Code: AFRL-711HPW-2023-Repperger

Organization	U.S. Department of Defense (DOD)
Reference Code	AFRL-711HPW-2023-Repperger
How to Apply	Click on <i>Apply</i> at the bottom of the opportunity to start your application.
Application Deadline	1/19/2023 3:00:00 PM Eastern Time Zone
Description	Repperger Research Intern Program

The Repperger Research Intern Program is a 10-week educational experience, providing research opportunities for students under the mentorship of an Air Force Research Laboratory (AFRL) scientist. This program posthumously honors Dr. Daniel W. Repperger, who mentored many young people during his 35 year research career with AFRL. Scientists have been selected to mentor, because of their technical knowledge, experience and willingness to help science and engineering students enhance their learning through participation in an actual Air Force research project. The available research opportunities span nearly all STEM fields, from Biology, Mathematics, Computer Science, Cognitive Science, Kinesiology, Physics and many more areas of study. Along with gaining first-hand research experience, students will learn the inner workings of an operational Department of Defense laboratory and develop contacts and a network that will help you in your professional career.

For detailed program information and a list of current research projects, please visit <https://orise.orau.gov/afrl/repperger-research.html>.

Key Information

Program Dates: June 5, 2023 – August 11, 2023

Research Locations: Wright-Patterson AFB, Dayton, OH, with options for AFRL Collaborative Labs at Wright State University; or JBSA-Fort Sam Houston, San Antonio, TX

Stipend: \$12,000 for 10-week period

Number of Selections: Between 10-20 students will be selected for research participation.

About AFRL

AFRL leads the discovery, development and integration of affordable warfighting technologies for America's air, space and cyberspace forces. AFRL is a full-spectrum laboratory, responsible for planning and executing the Air Force's science and technology program. AFRL leads a worldwide government, industry and academic partnership in the discovery, development and delivery of a wide range of revolutionary technologies. The laboratory provides leading edge warfighting capabilities keeping our air, space and cyberspace forces the world's best.

About ORISE

This program, administered by Oak Ridge Associated Universities (ORAU) through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and DoD. Participants do not enter into an employee/employer relationship with ORISE, ORAU, DoD or any other office or agency. Instead, you will be affiliated with ORISE for the administration of the appointment through the ORISE appointment letter and Terms of Appointment. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE. For more information, visit the [ORISE Research Participation Program at the U.S. Department of Defense](#).

Qualifications

Applicants need to meet the following eligibility criteria at the time of application:

- Be a U.S. citizen.
- Be at least 18 years of age.
- Be enrolled as an undergraduate or graduate student at an accredited institution of higher education during the 2022-2023 academic year. *Applicants must provide proof of enrollment during the Fall 2022 term at the time of application. Candidates selected for an internship appointment will be required to provide proof of enrollment during Spring 2023 at the time appointment is accepted. Preference will be given to applicants who intend to be a student in the Fall of 2023.*
- Be pursuing a degree in a science, technology, engineering or mathematics (STEM) discipline.
- Have a cumulative GPA of 2.50 or higher on a 4.00 scale as of Fall 2022.

Application Requirements

Please note, the due date for application submissions has been updated to January 19, 2023 at 3:00 p.m. EST.

A complete application consists of:

- Zintellect Profile
- All required fields in both the profile and application form. Within the application, you may select up to five research projects and sort your projects in order of preference. While these preferences will be taken into consideration, it may not be possible for all applicants to be assigned to their first choice project. Please also review the "ACADEMIC LEVEL/DISCIPLINE NEEDED" on each research project as locations and desired educational background vary.
- Educational and Employment History
- Essay Questions (goals, experiences, and skills relevant to the opportunity)
- Transcripts/Academic Records
- A current Resume/Curriculum Vitae (PDF)
- Two academic recommendations completed by either faculty adviser or school

Eligibility Requirements

- **Citizenship:** U.S. Citizen Only
- **Degree:** Currently pursuing an Associate's Degree, Bachelor's Degree, Master's Degree, or Doctoral Degree.
- **Overall GPA:** 2.50
- **Discipline(s):**
 - **Chemistry and Materials Sciences** (12 )
 - **Communications and Graphics Design** (2 )
 - **Computer, Information, and Data Sciences** (17 )
 - **Earth and Geosciences** (21 )
 - **Engineering** (27 )
 - **Environmental and Marine Sciences** (14 )
 - **Life Health and Medical Sciences** (48 )
 - **Mathematics and Statistics** (11 )
 - **Physics** (16 )
 - **Science & Engineering-related** (2 )
 - **Social and Behavioral Sciences** (28 )
- **Age:** Must be 18 years of age
