**Application Deadline** 9/22/2016 12:00:00 AM Eastern Time Zone

**Description** A fellowship opportunity is currently available in Division of Science and Policy of the Office of the Surgeon General (OSG) within the Office of the Assistant Secretary for Health (OASH) at the U.S. Department of Health and Human Services (DHHS) in Washington, DC.

*Public Health Reports (PHR)*, a peer-reviewed journal published on a bi-monthly basis, has been published since 1878 and is the official journal of the U.S. Public Health Service. Since 1999, *PHR* has been published by the [Association of Schools and Programs of Public Health](#) (ASPPH). The Journal's contributors are on the front line of public health and they present their work in a readable and accessible format. The six regular issues produced annually offer articles in three main areas: public health practice, research, and viewpoints/commentaries.

OSG is responsible for communicating the best possible science to the public on a variety of issues, including but not limited to active living, emotional wellbeing, addiction, tobacco use prevention and healthy eating. Under the guidance of a mentor, opportunities may include:

- Assist with the development of a strategic plan to engage state and local health departments in PHR publications
- Conduct research and analyze policy to support OSG topic area development
- Author subject area briefs on topics related to OSG campaigns
- Evaluate the relative advantages of the identified strategies for different target groups and types of partner actions
- Plan SG perspective pieces for PHR issues
- Assist PHR Managing Editor with supplemental issue production, as needed

This program, administered by ORAU through its contract with the U.S. Department of Energy to manage the Oak Ridge Institute for Science and Education, was established through an interagency agreement between
