

Opportunity Title: USFS Physical Science Technician Internship

Opportunity Reference Code: USDA-USFS-2022-0447

Organization U.S. Department of Agriculture (USDA)

Reference Code USDA-USFS-2022-0447

How to Apply *Connect with ORISE...on the GO!* Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

A complete application package consists of:

- An application
- Transcript(s) – For this opportunity, an unofficial transcript or copy of the student academic records printed by the applicant or by academic advisors from internal institution systems may be submitted. Selected candidate must provide proof of completion of the degree before the appointment can start. Click [Here](#) for detailed information about acceptable transcripts.
- A current resume/CV
- Two educational or professional recommendations. At least one recommendation must be submitted in order for the mentor to view your application.

All documents must be in English or include an official English translation.

Application Deadline 2/28/2023 3:00:00 PM Eastern Time Zone

Description **Applications will be reviewed on a rolling-basis.*

USFS Office/Lab and Location: A fellowship opportunity is available with the U.S. Department of Agriculture (USDA) Forest Service (USFS) Missoula Fire Sciences Laboratory located in Missoula, Montana.

At the heart of the U.S. Forest Service's mission is their purpose. Everything they do is intended to help sustain forests and grasslands for present and future generations. Why? Because their stewardship work supports nature in sustaining life. This is the purpose that drives the agency's mission and motivates their work across the agency. It's been there from the agency's very beginning, and it still drives them. To advance the mission and serve their purpose, the U.S. Forest Service balances the short and long-term needs of people and nature by: working in collaboration with communities and our partners; providing access to resources and experiences that promote economic, ecological, and social vitality; connecting people to the land and one another; and delivering world-class science, technology and land management.

Research Project: We have an opportunity for a physical science technician to join the existing cadre of researchers in exploring new dimensions of flame dynamics and heat transfer associated with wildland fire spread. Research into the physical processes governing wildfire behavior and spread by the USFS

Opportunity Title: USFS Physical Science Technician Internship

Opportunity Reference Code: USDA-USFS-2022-0447

Missoula Fire Sciences Laboratory has been ongoing for decades. This research requires knowledge of physics, including heat transfer and fluid mechanics, as well as computational methods associated with physical phenomena. The research involves laboratory research, data collection, analysis, and computer modeling. The technician will collaborate closely with scientists and staff of the National Fire Decision Support Center onsite at the Missoula Fire Sciences Laboratory in Missoula, MT. The technician is required to have a degree in Physics or Engineering.

Learning Objectives:

1. Gain experience with laboratory and field-scale experimental methods used in wildland fire behavior research
2. Gain experience with computer modeling wildland fire spread and behavior
3. Gain understanding of major scientific problem areas in wildland fire behavior, heat transfer, and combustion

Mentor: The mentor for this opportunity is Mark Finney (mark.finney@usda.gov). If you have questions about the nature of the research please contact the mentor.

Anticipated Appointment Start Date: January 16, 2023. Start date is flexible and will depend on a variety of factors.

Appointment Length: The appointment will initially be for one year, but may be extended upon recommendation of USFS and is contingent on the availability of funds.

Level of Participation: The appointment is full-time.

Participant Stipend: The participant will receive a monthly stipend commensurate with educational level and experience.

Citizenship Requirements: This opportunity is available to U.S. citizens only.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and USFS. Participants do not become employees of USDA, USFS, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

Questions: Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email USForestService@orise.orau.gov and include the reference code for this opportunity.

Opportunity Title: USFS Physical Science Technician Internship

Opportunity Reference Code: USDA-USFS-2022-0447

Qualifications The qualified candidate should be currently pursuing or have received a bachelor's degree in one of the relevant fields.

- Eligibility Requirements**
- **Citizenship:** U.S. Citizen Only
 - **Degree:** Bachelor's Degree.
 - **Discipline(s):**
 - **Chemistry and Materials Sciences** (12 )
 - **Computer, Information, and Data Sciences** (17 )
 - **Engineering** (27 )
 - **Environmental and Marine Sciences** (14 )
 - **Physics** (16 )
