

Opportunity Title: Environmental Sciences and Engineering Project Compliance

Opportunity Reference Code: DOE-MSIPP-16-07-LANL

Organization U.S. Department of Energy (DOE)

Reference Code DOE-MSIPP-16-07-LANL

How to Apply A complete application must include the following to be considered:

- Completion of all required fields in the application
- Undergraduate transcripts
- One Recommendation (minimum)

If you have questions, send an email to Elizabeth Nelson at Elizabeth.Nelson@orau.org . Please include the reference code for this opportunity in your email.

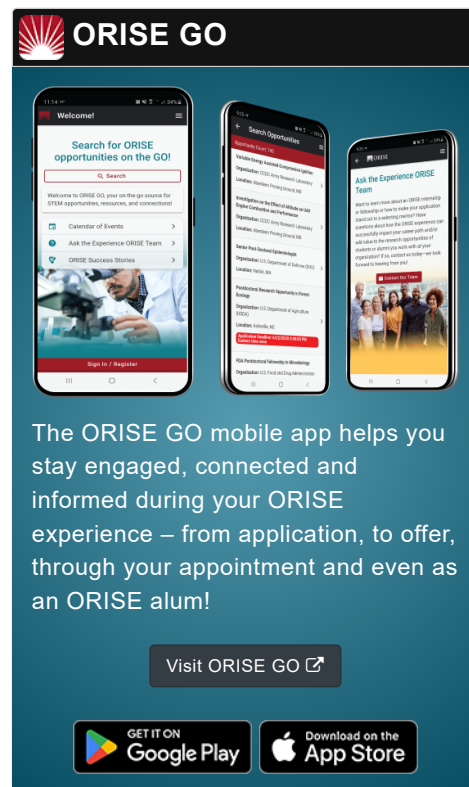

Application Deadline 3/16/2016 11:59:00 PM Eastern Time Zone

Description The Minority Serving Institutions Partnership Program (MSIPP) Internships is a new program to promote the education and development of the next generation workforce in critical science, engineering, technology, and math (STEM) related disciplines that complement current and future missions of DOE national laboratories. The MSIPP Internship program is designed to provide an enhanced training environment for next generation scientists and engineers by exposing them to research challenges unique to our industry.

MSIPP Interns will be given the opportunity to complete Summer Internships aligned with ongoing U.S. Department of Energy Office of Environmental Management (DOE-EM) research under the direction of a host national laboratory. The internship will be performed at the host national laboratory, utilizing their facilities and equipment under the guidance of a research staff member.

Minority Serving Institutions are institutions of higher education enrolling populations with significant percentages of undergraduate minority students.

The applicant will support the Laboratory's Environmental Protection Division-Water Quality Permitting and Compliance Team with the following regulatory compliance program activities: New Mexico Water Quality Control Commission Regulations, National Pollutant Discharge Elimination System (NPDES) Outfall Program, Spill Prevention Control and Countermeasure (SPCC) Regulations, and other related water quality compliance and safety programs. The intern will contribute to team efforts supporting the mentor through the development of compliance awareness documents and/or training, archive/process of compliance documents, database entries to assist with development and submittal of regulatory documents, field inspections and other duties as assigned.

Opportunity Title: Environmental Sciences and Engineering Project

Compliance

Opportunity Reference Code: DOE-MSIPP-16-07-LANL

Qualifications The successful candidate should be a graduate student studying environmental science, environmental engineering, soil science or hydrology. Previous experience using databases to track and trend data, as well as experience in field work is preferred. Familiarity with Microsoft Office (Excel, Word, Access, Powerpoint), experience using databases to track and trend data, and field work experience are desirable. Applicants should have good written and verbal communication skills.

Eligibility Requirements:

1. Be currently enrolled as a full-time undergraduate or graduate student at an accredited Minority Serving Institution *see criteria for Minority Serving Institutions here <http://srnl.doe.gov/msipp/internships.htm>
2. Be working towards a science, technology, engineering, or mathematics (STEM) degree
3. Have an undergraduate cumulative minimum Grade Point Average (GPA) of 3.0 on a 4.0 scale
4. Be a United States citizen
5. Pass a drug test upon selection to participate in the MSIPP
*The process and timing for drug testing varies from lab to lab. Use of Marijuana/Cannabis or its derivatives if prescribed is legal in some states. However, having these drugs in your system is NOT legal at United States Federal Contractor sites and National Laboratories.
6. Reference must be received by March 6, 2016 at 11:59 PM ET

Eligibility Requirements

- **Citizenship:** U.S. Citizen Only
- **Degree:** Bachelor's Degree or Master's Degree.
- **Overall GPA:** 3.00
- **Discipline(s):**
 - **Chemistry and Materials Sciences** (12 )
 - **Computer, Information, and Data Sciences** (16 )
 - **Earth and Geosciences** (21 )
 - **Engineering** (27 )
 - **Environmental and Marine Sciences** (14 )
 - **Life Health and Medical Sciences** (45 )
 - **Mathematics and Statistics** (10 )
 - **Physics** (16 )
 - **Science & Engineering-related** (1 )

Opportunity Title: Environmental Sciences and Engineering Project

Compliance

Opportunity Reference Code: DOE-MSIPP-16-07-LANL

Affirmation I certify that I am pursuing or have completed coursework towards a degree in science, technology, engineering, mathematics, or a related field.
