

**Opportunity Title:** Studying Mercury Fate and Transport in a Small Contaminated Stream

**Opportunity Reference Code:** DOE-MSIPP-16-23-ORNL

**Organization** U.S. Department of Energy (DOE)

**Reference Code** DOE-MSIPP-16-23-ORNL

**How to Apply** A complete application must include the following to be considered:

- Completion of all required fields in the application
- Undergraduate transcripts
- One Recommendation (minimum)

If you have questions, send an email to Elizabeth Nelson at [Elizabeth.Nelson@ornl.gov](mailto:Elizabeth.Nelson@ornl.gov). Please include the reference code for this opportunity in your email.

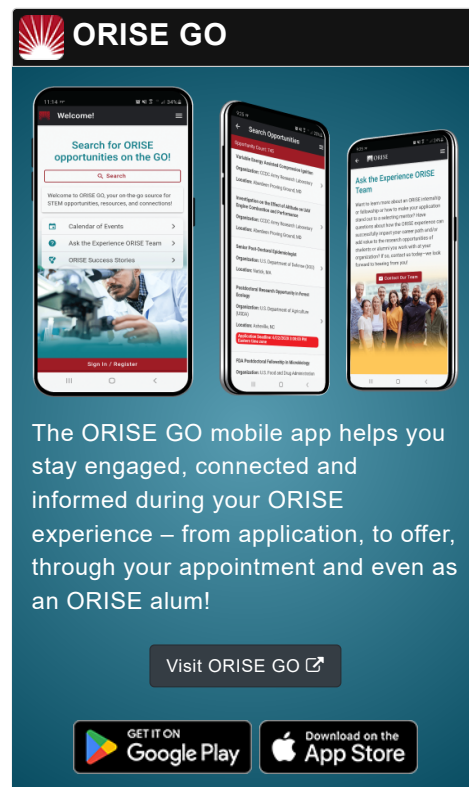

**Application Deadline** 3/16/2016 11:59:00 PM Eastern Time Zone

**Description** The Minority Serving Institutions Partnership Program (MSIPP) Internships is a new program to promote the education and development of the next generation workforce in critical science, engineering, technology, and math (STEM) related disciplines that complement current and future missions of DOE national laboratories. The MSIPP Internship program is designed to provide an enhanced training environment for next generation scientists and engineers by exposing them to research challenges unique to our industry.

MSIPP Interns will be given the opportunity to complete Summer Internships aligned with ongoing U.S. Department of Energy Office of Environmental Management (DOE-EM) research under the direction of a host national laboratory. The internship will be performed at the host national laboratory, utilizing their facilities and equipment under the guidance of a research staff member.

Minority Serving Institutions are institutions of higher education enrolling populations with significant percentages of undergraduate minority students.

The Environmental Sciences Division (ESD), <http://www.esd.ornl.gov>, at Oak Ridge National Laboratory (ORNL), <http://www.ornl.gov>, has an immediate opening for one undergraduate research intern in geochemistry, chemistry, environmental science, geology, soil chemistry, or a related field. The successful candidate will support field scale studies of mercury fate and transport in a small contaminated stream system by collecting and analyzing water and soil/sediment samples for total Hg, dissolved organic carbon, and cation/anion measurements. Additional activities will be conducting experiments to evaluate the leaching potential of Hg from soils/sediments collected. Responsibilities include data collection and analysis, interpretation, and publication of experimental results.

The ORISE GO mobile app helps you stay engaged, connected and informed during your ORISE experience – from application, to offer, through your appointment and even as an ORISE alum!

**Opportunity Title:** Studying Mercury Fate and Transport in a Small Contaminated Stream

**Opportunity Reference Code:** DOE-MSIPP-16-23-ORNL

**Qualifications** The successful candidate will be an undergraduate studying chemistry, geochemistry, geology, microbiology, environmental science, environmental engineering, civil engineering or hydrology. Previous experience in a laboratory environment is strongly preferred.

Eligibility Requirements:

1. Be currently enrolled as a full-time undergraduate or graduate student at an accredited Minority Serving Institution \*see criteria for Minority Serving Institutions here <http://srnl.doe.gov/msipp/internships.htm>
2. Be working towards a science, technology, engineering, or mathematics (STEM) degree
3. Have an undergraduate cumulative minimum Grade Point Average (GPA) of 3.0 on a 4.0 scale
4. Be a United States citizen
5. Pass a drug test upon selection to participate in the MSIPP  
\*The process and timing for drug testing varies from lab to lab. Use of Marijuana/Cannabis or its derivatives if prescribed is legal in some states. However, having these drugs in your system is NOT legal at United States Federal Contractor sites and National Laboratories.
6. Reference must be received by March 6, 2016 at 11:59 PM ET

For more information about The Minority Serving Institutions Partnership Program (MSIPP) Internships, please visit <http://srnl.doe.gov/msipp/internships.htm>

- Eligibility Requirements**
- **Citizenship:** U.S. Citizen Only
  - **Degree:** Bachelor's Degree or Master's Degree.
  - **Overall GPA:** 3.00
  - **Discipline(s):**
    - **Chemistry and Materials Sciences** (12 )
    - **Computer, Information, and Data Sciences** (16 )
    - **Earth and Geosciences** (21 )
    - **Engineering** (27 )
    - **Environmental and Marine Sciences** (14 )
    - **Life Health and Medical Sciences** (45 )
    - **Mathematics and Statistics** (10 )
    - **Physics** (16 )
    - **Science & Engineering-related** (1 )

**Affirmation** I certify that I am pursuing or have completed coursework
