All documents must be in English or include an official English translation.

Application Deadline 7/17/2023 3:00:00 PM Eastern Time Zone

Description ***Applications will be reviewed on a rolling-basis.**

CDC Office and Location: A research opportunity is currently available with the Child Development and Disability Branch (CDDDB) of the Division of Human Development and Disability (DHDD), National Center on Birth Defects and Developmental Disabilities (NCBDDD) at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia.

The National Center on Birth Defects and Developmental Disabilities (NCBDDD) seeks to promote the health of babies, children, and adults with disabilities. The work of NCBDDD includes identifying the causes of birth defects and developmental disabilities, helping children to develop and reach their full potential, and promoting health and well-being among people of all ages with disabilities. NCBDDD has three Divisions that carry out this mission: Division of Congenital and Developmental Disorders (DCDD), Human Development and Disability (DHDD), and Blood Disorders (DBD).

Research Project: Specifically, this opportunity is currently available within DHDD's Child Development and Disability Branch (CDDDB), Data and Statistics Team. DHDD leads inclusive programs to optimize the health and development of children and adults with or at risk for disabilities. The Child Development and Disability Branch (CDDDB) leads inclusive programs, surveillance, and research to optimize the health and development of children with, or at risk for, developmental delays, disorders, or disabilities which affect 1 in 6 U.S. children.

Under the guidance of a mentor from the Data and Statistics Team, the participant will train on the following projects and activities:

- Epidemiological analyses related to the identification and diagnosis of developmental disabilities, such as autism spectrum disorder, ADHD, tic

Opportunity Title: CDC Child Development & Disability Branch Fellowship

Opportunity Reference Code: CDC-NCBDDD-2023-0071

disorders; measures of quality of life or other longitudinal outcomes; associated treatment; utilization and costs of care or services; and prevalence of co-occurring conditions, with a concentration on use of administrative data (including hospital or insurance claims) and national surveys to answer priority research questions

- Literature reviews and authoring publications
- Public health communications documents such as PowerPoint presentations and web materials
- Oral and/or poster presentations at internal meetings and professional conferences
- Preparation of analytic datasets and documentation

Learning Objectives: Although this fellowship opportunity is focused in the topic area of developmental disabilities and child development, the participants will enhance knowledge and develop skills that are transferable to other areas within public health.

Mentor(s): The mentor for this opportunity is April Summers (isp3@cdc.gov). If you have questions about the nature of the research please contact the mentor.

Anticipated Appointment Start Date: **July 3, 2023.** Start date is flexible and will depend on a variety of factors.

Appointment Length: The appointment will initially be for one year, but may be renewed up to a total of five years upon recommendation of CDC and is contingent on the availability of funds.

Level of Participation: The appointment is full-time.

Participant Stipend: The participant will receive a monthly stipend commensurate with educational level and experience.

Citizenship Requirements: This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

Opportunity Title: CDC Child Development & Disability Branch Fellowship

Opportunity Reference Code: CDC-NCBDDD-2023-0071

Questions: Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email ORISE.CDC.NCBDDD@ora.u.org and include the reference code for this opportunity.

Qualifications The qualified candidate should have received a master's degree in one of the relevant fields (e.g. Epidemiology, Public Health, Health Science). Degree must have been received within five years of the appointment start date.

Preferred skills:

- Interest in epidemiology, maternal and child health, health concerns of individuals with disability
- Comfortable contributing independently to a defined portion of broader group efforts
- Prior experience with statistical programming using SAS, R, or other statistical software platforms
- Prior experience with analysis of national survey data, administrative claims data, primary data collected using a complex sampling design, and/or longitudinal data

- Eligibility Requirements**
- **Degree:** Master's Degree received within the last 60 month(s).
 - **Discipline(s):**
 - **Communications and Graphics Design** ([6](#))
 - **Computer, Information, and Data Sciences** ([17](#))
 - **Life Health and Medical Sciences** ([48](#))
 - **Mathematics and Statistics** ([11](#))
 - **Social and Behavioral Sciences** ([29](#))

Affirmation I certify that I have not previously been employed by CDC or by a contractor working directly for CDC. I understand that CDC does not permit individuals with a prior employment relationship with CDC or its contractors to participate as trainees in the ORISE program. (Exceptions may be granted for individuals who, since the previous CDC employment, have obtained a new STEM degree which necessitates training in a new field.)
