

Opportunity Title: EPA Web Designer
Opportunity Reference Code: EPA-SSP-0012-15

Organization	U.S. Environmental Protection Agency (EPA)
Reference Code	EPA-SSP-0012-15
Description	<p>The EPA Environmental Research and Business Support Program has an immediate opening for an EPA Web Designer with the Office of Research and Development at the EPA Research Triangle Park facility in Raleigh Durham, NC.</p> <p>The Office of Research and Development at the EPA supports high-quality research to improve the scientific basis for decisions on national environmental issues and help EPA achieve its environmental goals. Research is conducted in a broad range of environmental areas by scientists in EPA laboratories and at universities across the country.</p> <p>The National Center for Computational Toxicology (NCCT) is responsible for developing computational tools and solutions for improving environmental risk assessments and regulatory decisions pertaining to chemical safety and sustainability. The NCCT ToxCast and Tox21 projects are testing thousands of chemicals in a wide range of state-of-the-art high-throughput biological assays, with the goal of building computational models for predicting toxicity. Supporting this effort are various databases tracking massive amounts of information related to bioassay outputs, chemical structures and identifiers, and detailed tracking of the chemical samples undergoing testing and a suite of web applications make these data available to the public.</p> <p>The selected candidate shall provide web design, user interface design, and user experience support for NCCT's dynamic chemical and biological database-driven applications. He/she will work with other members of NCCT's software development team to create new applications as well as maintain existing code bases. He/she will be a member of a multi-disciplinary research team and will be trained to support the development, programming, testing and maintenance of multiple applications requiring access to chemical and biology databases that provides a foundation for all of NCCT's programs.</p>

Web Design responsibilities will include:

- Creating mockups for a web application and individual web pages,
- Creating storyboards and wireframes for web applications,
- Modifying HTML/CSS framework for EPA themed web applications,
- Presenting prototype web applications to EPA researchers and managers,
- Developing and administration of user testing,
- Developing skills as Team Section 508 usability guru,
- Participating in Agile (Scrum) software development,

Opportunity Title: EPA Web Designer

Opportunity Reference Code: EPA-SSP-0012-15

- Participating in team code reviews, and
- Maintaining records of meetings, correspondence, and action documents, and maintain a system to track projects in progress.

Communications-related responsibilities will include:

- Participating as a member of a multi-disciplinary research team,
- Interacting with other members of the development team as well as EPA scientists, and
- Documenting design and coding efforts.

Selected candidate may be asked to present work performed as a poster at a scientific conference.

Location: This job will be located at EPA's Research Triangle facility in Raleigh-Durham, NC.

Salary: Selected applicants will become temporary employees of ORAU and will receive an hourly wage of \$20.34 for hours worked.

Travel: Occasional overnight travel may be required.

Expected Start Date: The position is full time and expected to begin May 2016. The initial project is through May 14, 2017, followed by up to four (4) 12-month optional periods.

For more information, contact EPAjobs@orau.org. Do not contact EPA directly

Qualifications Eligible applicants must:

- Be at least 18 years of age and
- Have earned a Bachelor's degree in fine art (visual) or design, or a closely related field of study from an accredited university or college within the last 24 months and
- Be a citizen of the United States of America or a Legal Permanent Resident.

EPA ORD employees, their spouses, and children are not eligible to participate in this program.

Required Knowledge, Skills, Work Experience, and Education

The applicant shall have:

- Demonstrated education and/or experience in web design,
- A working knowledge of web application development,
- A working knowledge of Adobe Photoshop, Fireworks, Illustrator applications, and
- A familiarity with Linux operating system.

How to apply:

Opportunity Title: EPA Web Designer

Opportunity Reference Code: EPA-SSP-0012-15

- Submit application and supporting documents by clicking on Apply Now button.

**Eligibility
Requirements**

- **Citizenship:** LPR or U.S. Citizen
- **Degree:** Bachelor's Degree, Master's Degree, or Doctoral Degree received within the last 24 month(s).
- **Discipline(s):**
 - **Business** (1 )
 - **Communications and Graphics Design** (6 )
 - **Computer, Information, and Data Sciences** (16 )
 - **Engineering** (3 )
 - **Other Non-Science & Engineering** (2 )

Affirmation I certify that I am at least 18 years of age; a recent graduate with a Bachelor's degree in fine art (visual) or design, or a closely related field of study; a citizen or a Legal Permanent Resident of the United States of America; and not a current employee of EPA ORD or the spouse or child of an EPA ORD employee.
