Application Deadline 11/30/2023 3:00:00 PM Eastern Time Zone

Description A research opportunity is available in the Office of Compliance (OC), Office of Unapproved Drugs and Labeling Compliance (OUDLC), Center for Drug Evaluation and Research (CDER), Food and Drug Administration (FDA) in Silver Spring, Maryland.

The objective of this project is to assess and align the current over-the-counter (OTC) monograph drug products Registration and Listing system within the context and new nomenclature standards determined under the recently passed CARES Act. Data assessment approaches and curation validation strategies will be explored.

Under the guidance of the mentor the participant will gain experience in the current regulatory framework of OTC monograph drug products and will become familiar with the regulatory significance of registration and listing of drug products. The applicant will be able to implement methods to validate and curate nomenclature to reflect the current presence in the database system.

This program, administered by ORAU through its contract with the U.S. Department of Energy to manage the Oak Ridge Institute for Science and Education, was established through an interagency agreement between DOE and FDA. The initial appointment is for one year, but may be renewed upon recommendation of FDA contingent on the availability of funds. The participant will receive a monthly stipend commensurate with educational level and experience. Proof of health insurance is required for participation in this program. The appointment is full-time at FDA in the Silver Spring, Maryland, area. Participants do not become employees of FDA, DOE or the program administrator, and there are no employment-related benefits.
