Description The EPA National Student Services Contract has an immediate opening for a full time Communications Support at EPA position with the Office of Research and Development at the EPA facility in Research Triangle Park, NC.

The Office of Research and Development at the EPA supports high-quality research to improve the scientific basis for decisions on national environmental issues and help EPA achieve its environmental goals. Research is conducted in a broad range of environmental areas by scientists in EPA laboratories and at universities across the country.

What the EPA project is about

The Center for Environmental Solutions & Emergency Response (CESER) - which is one of 4 research Centers in ORD - plans, coordinates and conducts an applied, customer-driven, national research and development program to improve decision making by EPA, federal, state, tribal and local agencies, when faced with challenging environmental problems in the built environment.

What experience and skills will you gain?

As a team member, you will report to CESER's Communications Director but will contribute to an amazing team of communicators focused on promoting the research conducted by CESER researchers across 5 divisions within the Center, and the Homeland Security Research Program (HSRP).

• Writing

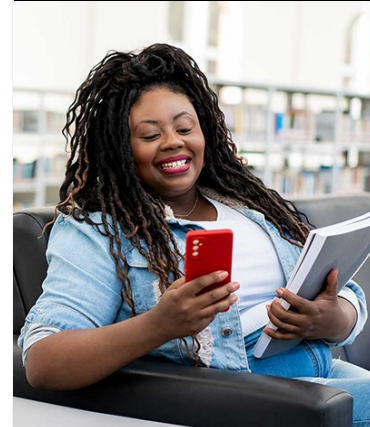

- Internal Collaborative Newsletter – work with science leads and communication leads to write stories and distribute newsletter to EPA regions;
- Science Matters articles – write stories describing our science <https://www.epa.gov/sciencematters>;
- State & Tribal Stories – develop short stories about technical support and research directly impacting states and tribes <https://www.epa.gov/research-states/epa-research-partner-support-stories>; and
- Annual Reports or other writing assignments – potentially develop division annual reports by writing or collecting already written stories to tell an overall story in one document, as needed.

• Webinar Production

- Writing and laying out promotional flyers & assisting researchers with writing descriptions of their presentation;
- Act as back-up producer for the emergency response webinar
