Opportunity Reference Code: CDC-NCIRD-2024-0040

Organization Centers for Disease Control and Prevention (CDC)

Reference Code CDC-NCIRD-2024-0040

How to Apply *Connect with ORISE...on the GO!* Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

Application Deadline 5/6/2024 11:59:00 PM Eastern Time Zone

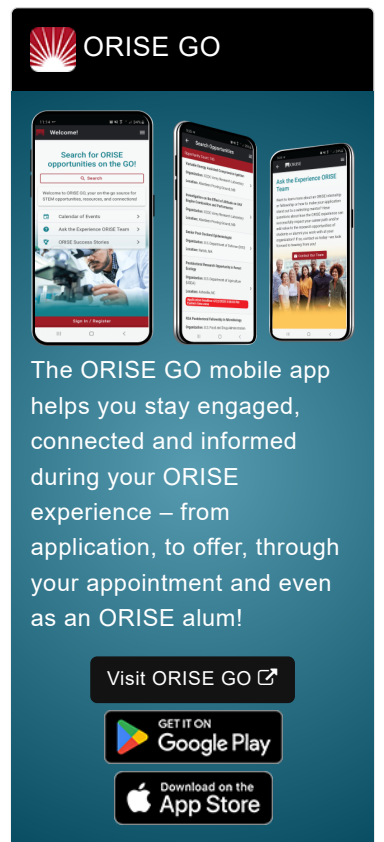

Description ***Applications will be reviewed on a rolling-basis.**

CDC Office and Location: Summer fellowship opportunities are available within the [National Center for Immunization and Respiratory Diseases \(NCIRD\)](#) at the Centers for Disease Control and Prevention (CDC). **This opportunity can be part-time or full-time and is eligible for 100% virtual participation within 50 miles of Downtown El Paso, Texas.**

The [Centers for Disease Control and Prevention \(CDC\)](#) is one of the major agencies and operations component of the Department of Health and Human Services. CDC works to protect America from health, safety, and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable, or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same. The mission of the [NCIRD](#) is the prevention of disease, disability, and death through immunization and by control of respiratory and related diseases. Within NCIRD are five divisions and the office of the director:

- [NCIRD Office of the Director \(OD\)](#)
- [Coronavirus And Other Respiratory Viruses Division \(CORVD\)](#)
- [Division of Bacterial Diseases \(DBD\)](#)
- [Division of Viral Diseases \(DVD\)](#)
- [Influenza Division \(ID\)](#)
- [Immunization Services Division \(ISD\)](#)

Research Project: CDC's National Center for Immunization and Respiratory Disease (NCIRD) Public Health Internship Program offers unique and exceptional educational training, research, and professional development opportunities for Minority-Serving Institutions (MSIs). Interns will engage with CDC subject matter experts and receive training that can assist them, especially if they choose to seek and attain public health

Opportunity Title: CDC's NCIRD Public Health Internship Program – Undergraduate Summer Opportunities for University of Texas El Paso (UTEP)

Opportunity Reference Code: CDC-NCIRD-2024-0040

careers that help to promote health, prevent diseases, and empower members of their community to live healthier lives.

Learning Objectives: The activities listed below represent the minimum training opportunities that the fellow will complete:

- Receive training in a multitude of public health specialties such as epidemiology, biostatistics, health communications, health equity, microbiology, virology, immunology, etc.
- Become a talented, highly skilled, well-trained public health professionals that can support CDC's mission of cultivating a diverse workforce that reflects the populations it serves.
- Be mentored by experienced public health professionals.

Mentor(s): The mentor for this opportunity will vary based on your fellowship project. If you have questions about the nature of the research, please contact **Frisco Brown** (kmz6@cdc.gov).

Anticipated Appointment Start Date: June 3, 2024. Start date is flexible and will depend on a variety of factors.

Appointment Length: The appointment will initially be for 3 months but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

Level of Participation: The appointment is part time or full time.

Participant Stipend: Stipend rates may vary based on numerous factors, including opportunity, location, education, and experience. If you are interviewed, you can inquire about the exact stipend rate at that time and if selected, your appointment offer will include the monthly stipend rate.

Citizenship Requirements: This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

Questions: Please visit our [Program Website](#). After reading, if you have additional questions about the application process please
