

**Opportunity Title:** USARIEM Summer 2024 Data Science Fellowship - undergraduate

**Opportunity Reference Code:** USAMRDC-RIEM-2024-0017

**Organization** U.S. Department of Defense (DOD)

**Reference Code** USAMRDC-RIEM-2024-0017

**How to Apply** Click on *Apply* at the bottom of the opportunity to start your application.

**Description** The U.S. Army Research Institute of Environmental Medicine (USARIEM), a subordinate laboratory of the U.S. Army Medical Research and Development Command (USAMRDC), is an internationally recognized center of excellence for Warfighter performance science and its useful applications. The Institute functions as a world-class laboratory for environmental medicine, physiology, performance and nutrition research. It features integrated cellular, tissue, & human research programs. Fellowship will be in the Military Performance Division, whose goal is to conduct research to enhance the performance of military occupational tasks and to prevent performance decrements due to physical overload and musculoskeletal injuries.

**What will I be doing?**

As part of this learning experience, you will join a team of scientists in conducting research for the Military Performance Division. You will be involved in data collection and/or analysis for up to three research projects involving warfighter health and performance, to include body composition, musculoskeletal injury risk factors, and sleep. You will learn about various research procedures and how to operate research specific equipment such as a DXA and metabolic measurement system, as well as data processing and analysis.

**Why should I apply?**

Under the guidance of a mentor, you will have the opportunity to develop career and education goals that will prepare you for your future.

**Where will I be located?**

Natick, Massachusetts

**What is the anticipated start date?**

USARIEM is ready to make an appointment effective **as soon as possible**. Exact start dates will be determined at the time of selection and in coordination with the selected candidate. Applications are reviewed on an ongoing basis and internships will be filled as qualified candidates are identified.

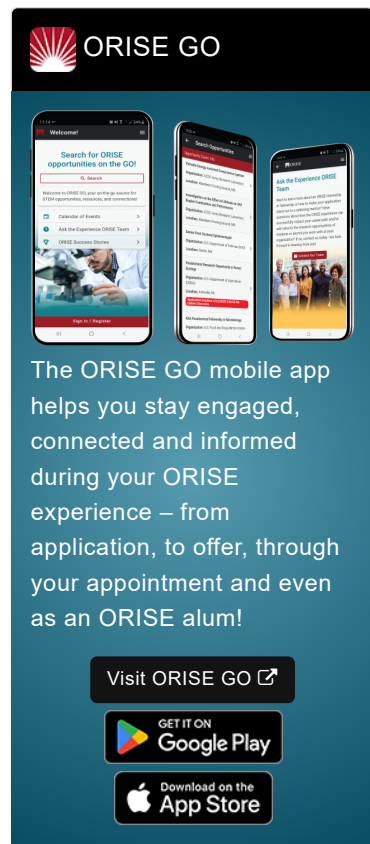

**What is the appointment length?**

This appointment is a full-time summer research appointment, with the possibility to be renewed for additional research periods. Appointments may be extended depending on funding availability, project assignment, program rules, and availability of the participant.

**What are the benefits?**

You will receive a stipend to be determined by USARIEM. Stipends are typically based on a participant's academic standing, discipline, experience, and research facility location. Other benefits may include the following:

- Health Insurance Supplement. *Participants are eligible to purchase health insurance through*

*ORISE.*

- Relocation Allowance.
- Training and Travel Allowance.

**Nature of Appointment**

As a participant, you will not enter into an employee/employer relationship with ORISE, ORAU, DOD, or any other office or agency. Instead, you will be affiliated with ORISE for the administration of the appointment through the ORISE appointment letter and Terms of Appointment.

**About USARIEM**

The U.S. Army Research Institute of Environmental Medicine (USARIEM), in Natick, Massachusetts has four divisions: Military Nutrition, Military Performance, Thermal and Mountain Medicine, and Research Support. By leveraging its unique capabilities and facilities with industry, academia, and the government, USARIEM produces various essential products, including performance optimization doctrine, preventive medicine, planning doctrine, materiel development support, physiological monitoring strategies and predictive algorithms, and Health Hazard Assessments.

**About ORISE**

This program, administered by Oak Ridge Associated Universities (ORAU) through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and DoD. Participants do not enter into an employee/employer relationship with ORISE, ORAU, DoD, or any other office or agency. Instead, you will be affiliated with ORISE for the administration of the appointment through the ORISE appointment letter and Terms of Appointment. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE. For more information, visit the [ORISE Research Participation Program at the U.S. Department of Defense](#).

**Qualifications** Qualified candidates must be a current student pursuing a bachelor's degree in a data science field.

Highly competitive applicants will have experience or skills in the following:

- Familiarity with advanced coding languages such as Java and Python
- General knowledge of basic statistics

**Application Requirements**

A complete application consists of the following:

- Zintellect Profile
- Educational and Employment History
- CV and Cover Letter describing achievements, research interests, career goals, reason of interest, and suitability for this appointment (maximum two pages) - please upload to the resume section on the application
- Transcripts/Academic Records - For this opportunity, an unofficial transcript or copy of the student academic records printed by the applicant or by academic advisors from internal
