

**Opportunity Title:** CDC One Health Fellowship (Veterinary and Public Health)

**Opportunity Reference Code:** CDC-NCEZID-2024-0188

**Organization** Centers for Disease Control and Prevention (CDC)

**Reference Code** CDC-NCEZID-2024-0188

**How to Apply** *To submit your application, scroll to the bottom of this opportunity and click **APPLY**.*

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

**Connect with ORISE...on the GO!** Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

**Description** *\*Applications will be reviewed on a rolling-basis.*

**CDC Office and Location:** A research opportunity is available in the Centers for Disease Control and Prevention (CDC) located in Atlanta, Georgia.

The Centers for Disease Control and Prevention (CDC) is one of the major operation components of the Department of Health and Human Services. CDC works to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

**Research Project:** The selected participant will gain experience in the field of infectious and zoonotic diseases, specifically those that involve the animal-human-environment interface and One Health. The specific projects involve epidemiologic programmatic, educational, and policy projects related to the prevention and control of zoonoses (including One Health Zoonotic Disease Prioritization Workshops), and contributing to the development of guidance for use by human and animal health and environment partners that can enhance surveillance, response, and prevention of zoonoses and related One Health issues (e.g. antimicrobial resistance, food safety, vector-borne diseases).

**Learning Objectives:** Under the guidance of a mentor, the participant will be trained in the following activities:

- Contributing to One Health activities related to animal-human-

**Opportunity Title:** CDC One Health Fellowship (Veterinary and Public Health)

**Opportunity Reference Code:** CDC-NCEZID-2024-0188

environment interface issues, emerging and re-emerging zoonotic diseases, antimicrobial resistance, pandemic preparedness, and outbreak response.

- Conducting systematic reviews and literature searches to support the development of evidence-based recommendations related to zoonoses and One Health.
- Contributing to the development of data collection systems for One Health activities and primary and secondary data abstraction, interpretation, analysis, and synthesis.
- Maintaining accurate records of process-specific objectives, timelines, outcomes, and deliverables.
- Contributing to the development of One Health frameworks, and evaluating and providing recommendations to strengthen existing One Health frameworks and networks.
- Writing and editing summary of evidence documents and prevention recommendations relevant to One Health
- Collaborating with One Health groups (both internal and external to CDC), professional human and animal health societies, environment partners, local, state, tribal, and territorial health departments, international organizations and governments, non-governmental organizations, industry, academic, and community-based organizations.

**Mentor(s):** The mentor for this opportunity is Casey Barton Behravesh.

**Anticipated Appointment Start Date: November 1, 2024.** Start date is flexible and will depend on a variety of factors.

**Appointment Length:** The appointment will initially be for one year, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

**Level of Participation:** The appointment is full time.

**Participant Stipend:** Stipend rates may vary based on numerous factors, including opportunity, location, education, and experience. If you are interviewed, you can inquire about the exact stipend rate at that time and if selected, your appointment offer will include the monthly stipend rate.

**Citizenship Requirements:** This opportunity is available to U.S. citizens and Lawful Permanent Residents (LPR) only.

**ORISE Information:** This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

The successful applicant(s) will be required to comply with Environmental,

**Opportunity Title:** CDC One Health Fellowship (Veterinary and Public Health)

**Opportunity Reference Code:** CDC-NCEZID-2024-0188

Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

**Questions:** Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email [ORISE.CDC.NCEZID@orau.org](mailto:ORISE.CDC.NCEZID@orau.org) and include the reference code for this opportunity.

**Qualifications** The qualified candidate should have received or be currently pursuing a doctoral degree or masters degree in one of the relevant fields. Degree must have been received within the past five years, or is anticipated to be received by May 1, 2025.

**Point of Contact** [Michele Morrison](#)

**Eligibility** • **Citizenship:** LPR or U.S. Citizen

**Requirements** • **Degree:** Master's Degree or Doctoral Degree received within the last 60 months or anticipated to be received by 5/1/2025 11:59:00 PM.

**Affirmation** I certify that I have not previously been employed by CDC or by a contractor working directly for CDC. I understand that CDC does not permit individuals with a prior employment relationship with CDC or its contractors to participate as trainees in the ORISE program. (Exceptions may be granted for individuals who, since the previous CDC employment, have obtained a new STEM degree which necessitates training in a new field.)
