Description The U.S. Army Garrison-Italy is offering an internship in Program Analysis Research for a current student or recent graduate.

What will I be doing?

As an ORISE participant, you will join a community of scientists and researchers in an effort to gather and evaluate information from various sources to identify crime patterns, trends, and potential threats.

Why should I apply?

Under the guidance of a mentor, you will engage in a variety of research activities, including:

- Develop comprehensive reports and visual aids such as link analysis, event flow analysis, and activity charts
- Gather and analyze geospatial data from the Army Installation Geospatial Platform and database
- Perform spatial analysis and create maps to support criminal investigations.
- Prepare graphs, tables, and other illustrative devices for the visual presentation of data
- Collaborate with military police and law enforcement professionals
- Create and maximize use of digital platforms to design, develop, and deploy automated workflows
- Utilize systems to query and report structure for displaying statistics from monthly/annual Dispatch data
- Optimize data entry procedures for DES shift log and Dispatch CFS Index

Where will I be located? Vicenza, Italy

What is the anticipated start date?

Exact start dates will be determined at the time of selection and in coordination with the selected candidate. Applications are reviewed on an ongoing basis and internships or fellowships will be filled as qualified candidates are identified by USAG-Italy staff.

What is the appointment length?

This appointment is a twelve-month research appointment, with the possibility to be renewed for additional research periods. Appointments may be extended depending on funding availability, project assignment, program rules, and availability of the participant.

What are the appointment provisions?

You will receive a stipend to be determined by USAG-Italy. Stipends are typically based on a participant's academic standing, discipline, experience, and research facility location. Other provisions may include the following:

- Training and travel allowance
