

**Opportunity Title:** CDC's NCIRD Public Health Internship Program – Workforce Development Analysis with NCEZID

**Opportunity Reference Code:** CDC-NCIRD-DHCPP-2024-0244

**Organization** Centers for Disease Control and Prevention (CDC)

**Reference Code** CDC-NCIRD-DHCPP-2024-0244

**How to Apply** *To submit your application, scroll to the bottom of this opportunity and click APPLY.*

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

**Connect with ORISE...on the GO!** Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

**Application Deadline** 2/4/2025 3:00:00 PM Eastern Time Zone

**Description** \*Applications will be reviewed on a rolling-basis.

**CDC Office and Location:** A fellowship opportunity is available with the [Division of High-Consequence Pathogens and Pathology \(DHCPP\)](#) in the [National Center for Emerging and Zoonotic Infectious Diseases \(NCEZID\)](#), at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. **Candidate should reside within 50 miles of the official duty location (Atlanta, Georgia) and requires 2-3 days per week of in-person attendance in Atlanta.**

The [Centers for Disease Control and Prevention \(CDC\)](#) is one of the major operations components of the Department of Health and Human Services. CDC works to protect America from health, safety, and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

The [National Center for Emerging and Zoonotic Infectious Diseases \(NCEZID\)](#) works to protect people at home and around the world from emerging and zoonotic infections ranging from A to Z—anthrax to Zika. NCEZID's [Division of High-Consequence Pathogens and Pathology \(DHCPP\)](#) works to protect the public from deadly infectious diseases by preparing and helping communities to respond to U.S. and global health security threats associated with high-consequence pathogens.

**Research Project:** Engage in systematic workforce data acquisition,

**Opportunity Title:** CDC's NCIRD Public Health Internship Program – Workforce

Development Analysis with NCEZID

**Opportunity Reference Code:** CDC-NCIRD-DHCPP-2024-0244

review, and quantitative analysis. Conduct structured assessments of awards and recognition metrics to evaluate organizational engagement. Support the design and implementation of workforce engagement programs, including mentoring, shadowing, career advancement initiatives, and interdisciplinary collaborations. Contribute to the creation of workforce-focused communications, and aid in the development of presentations and events to foster professional development and promote institutional objectives.

**Learning Objectives:**

- Understand key principles of data collection, management, and analysis
- Enhance technical presentation and scientific messaging skills
- Learn how to conduct evaluation research and trend analysis
- Develop a broader understanding of award recognition programs (e.g. criteria, types)
- Learn how to make data driven recommendations and conduct program development based on evidence-based results

**Mentor(s):** The mentor for this opportunity is **Jamyee C.**

**Pleasant** ([jcp6@cdc.gov](mailto:jcp6@cdc.gov)). If you have questions about the nature of the research please contact the mentor(s).

**Anticipated Appointment Start Date:** **March 10, 2025.** Start date is flexible and will depend on a variety of factors.

**Appointment Length:** The appointment will initially be for six months, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

**Level of Participation:** The appointment is full time or part time.

**Participant Stipend:** Stipend rates may vary based on numerous factors, including opportunity, location, education, and experience. If you are interviewed, you can inquire about the exact stipend rate at that time and if selected, your appointment offer will include the monthly stipend rate.

**Citizenship Requirements:** This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation.

**ORISE Information:** This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

**Opportunity Title:** CDC's NCIRD Public Health Internship Program – Workforce Development Analysis with NCEZID

**Opportunity Reference Code:** CDC-NCIRD-DHCPP-2024-0244

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

**Questions:** Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email [ORISE.CDC.NCIRD@orau.org](mailto:ORISE.CDC.NCIRD@orau.org) and include the reference code for this opportunity.

**Qualifications** The qualified candidate should be currently pursuing or have received an associate's, bachelor's, or master's degree in the one of the relevant fields. Degree must have been received within the past five years, or be currently pursuing.

**Preferred skills:**

- Proficient in both oral and written communication
- Experienced in collaborating with multidisciplinary and multicultural teams
- Interest in data analysis; demonstrates innovation and proactive problem-solving

- Eligibility Requirements**
- **Degree:** Associate's Degree, Bachelor's Degree, or Master's Degree received within the last 60 months or currently pursuing.
  - **Discipline(s):**
    - **Chemistry and Materials Sciences** ([12](#) )
    - **Communications and Graphics Design** ([6](#) )
    - **Computer, Information, and Data Sciences** ([17](#) )
    - **Earth and Geosciences** ([21](#) )
    - **Engineering** ([27](#) )
    - **Environmental and Marine Sciences** ([14](#) )
    - **Life Health and Medical Sciences** ([51](#) )
    - **Mathematics and Statistics** ([11](#) )
    - **Other Non-Science & Engineering** ([13](#) )
    - **Physics** ([16](#) )
    - **Science & Engineering-related** ([2](#) )
    - **Social and Behavioral Sciences** ([30](#) )

**Affirmation** I certify that I have not previously been employed by CDC or by a contractor working directly for CDC. I understand that CDC does not permit individuals with a prior employment relationship with CDC or its contractors to participate as trainees in the ORISE program. (Exceptions may be granted for individuals who, since the previous CDC employment, have obtained a new STEM degree which necessitates training in a new field.)
