

**Opportunity Title:** CDC's NCIRD Public Health Internship Program –STIs  
Prevention Research with NCHHSTP  
**Opportunity Reference Code:** CDC-NCHHSTP-2024-0256

**Organization** Centers for Disease Control and Prevention (CDC)

**Reference Code** CDC-NCHHSTP-2024-0256

**How to Apply** *To submit your application, scroll to the bottom of this opportunity and click APPLY.*

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

**Connect with ORISE...on the GO!** Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

**Application Deadline** 1/17/2025 3:00:00 PM Eastern Time Zone

**Description** \*Applications will be reviewed on a rolling-basis.

**CDC Office and Location:** A fellowship opportunity is available with The Division of STD Prevention within [The National Center for HIV, Viral Hepatitis, STD, and TB Prevention \(NCHHSTP\)](#) at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. **This opportunity can be part-time or full-time and is eligible for 100% remote participation within 50 miles of the CDC host Office.**

The [National Center for HIV, Viral Hepatitis, STD, and TB Prevention \(NCHHSTP\)](#) at the CDC is dedicated to the prevention and reduction of these major infectious diseases. Their mission focuses on advancing public health through disease surveillance, prevention, and health equity.

The [Centers for Disease Control and Prevention \(CDC\)](#) is one of the major operation components of the Department of Health and Human Services. CDC works to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

The mission of the [CDC's Division of STD Prevention \(DSTDP\)](#) is to prevent and reduce sexually transmitted diseases (STDs) and the associated health burdens in the U.S. DSTDP works to achieve this by advancing science-based public health interventions that focus on surveillance, prevention, diagnosis, and treatment.

**Opportunity Title:** CDC's NCIRD Public Health Internship Program –STIs

Prevention Research with NCHHSTP

**Opportunity Reference Code:** CDC-NCHHSTP-2024-0256

**Research Project:** The purpose of this project is to evaluate the facilitators and barriers influencing STI prevention efforts among disproportionately impacted populations and to utilize these insights to guide evidence-based actions, including project development, policy formulation, and program implementation. This research will involve comprehensive literature reviews, systematic inventories, and targeted mini-assessments to support data-driven decision-making and effective intervention planning.

**Learning Objectives:** Under the direction of the main mentor, the intern will interact with a multidisciplinary team of scientific and programmatic staff, and will gain experience in a varied set of tasks, including but not limited to the following:

- Update and summarize citations.
- Build Endnote database.
- Utilize analytical skills to summarize findings.
- Contribute to dissemination products with the opportunity of serving as a co-author.

**Mentor(s):** The mentor for this opportunity is **Dr. Yamir Salabarría-Pena** ([yics8@cdc.gov](mailto:yics8@cdc.gov)). If you have questions about the nature of the research please contact the mentor(s).

**Anticipated Appointment Start Date:** **March 10, 2025.** Start date is flexible and will depend on a variety of factors.

**Appointment Length:** The appointment will initially be for six months, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

**Level of Participation:** The appointment is part time or full time.

**Participant Stipend:** Stipend rates may vary based on numerous factors, including opportunity, location, education, and experience. If you are interviewed, you can inquire about the exact stipend rate at that time and if selected, your appointment offer will include the monthly stipend rate.

**Citizenship Requirements:** This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation.

**ORISE Information:** This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained

through ORISE.

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

**Questions:** Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email [ORISE.CDC.NCHHSTP@orau.org](mailto:ORISE.CDC.NCHHSTP@orau.org) and include the reference code for this opportunity.

**Qualifications** The qualified candidate should be currently pursuing or have received a bachelor's, master's, or doctoral degree in the one of the relevant fields. Degree must have been received within the past five years, or be currently pursuing.

**Preferred skills:**

- Knowledge and experience conducting literature searches
- Knowledge and/or experience interacting with underserved populations (including lived experience)
- Knowledge and experience with databases (e.g., Excel, Endnote, etc.)
- Excellent English writing skills and word processing skills
- Self-motivated and able to complete tasks independently with minimal supervision

**Eligibility Requirements** • **Degree:** Bachelor's Degree, Master's Degree, or Doctoral Degree received within the last 60 months or currently pursuing.

- **Discipline(s):**
  - **Chemistry and Materials Sciences** ([12](#) 👁)
  - **Communications and Graphics Design** ([6](#) 👁)
  - **Computer, Information, and Data Sciences** ([17](#) 👁)
