

Opportunity Title: 2025 High Performance Computing Modernization Program (HPCMP) Summer Internship Program - Faculty
Opportunity Reference Code: HPCMP-FIX-2025

Organization U.S. Department of Defense (DOD)

Reference Code HPCMP-FIX-2025

How to Apply Click on *Apply* at the bottom of the opportunity to start your application.

Application Deadline 3/13/2025 11:59:59 PM Eastern Time Zone

Description **About High Performance Computing Modernization Program (HPCMP)**

The Department of Defense's (DoD) High Performance Computing Modernization Program (HPCMP) sponsors two summer research opportunities: the High-Performance Computing Internship Program (HIP) and the Faculty Immersion Experience (FIX). These 10-week experiences are offered in collaboration with more than a dozen DoD hosting organizations nationwide. Both programs seek to strengthen DoD and academic collaboration, enhance research capabilities, and encourage broader university-level participation in high-end computing.

The Department of Defense (DoD) established the [High Performance Computing Modernization Program \[hpc.mil\]](#) (HPCMP) as a department-wide program to provide DoD scientists, engineers, and acquisition engineering professionals with the computational resources needed to develop robust solutions to complete technical challenges.

The mission of the Department of Defense (DoD) High Performance Computing Modernization Program (HPCMP) is to accelerate technology development and transition into superior defense capabilities through the strategic application of high-performance computing, networking, and computational expertise.

The Vision is one in which a pervasive culture exists within the DoD that drives the routine use of advanced computational environments to solve the Department's most critical mission challenges.

The Faculty Immersion Experience (FIX) provides faculty members, working in STEM areas, research opportunities to strengthen collaboration with DOD organizations, enhance research capabilities, and encourage broader university-level participation in HEC.

The full list of project descriptions and locations for FIX Summer Internships can be found at our website [Project Catalog | Department of Defense \(DoD\) High Performance Computing Modernization Program \(HPCMP\)](#).

During the internship, faculty members will:

- Learn from and collaborate with scientists and engineers at DoD facilities across the nation.
- Contribute to significant Research, Development, Test, Evaluation & Acquisitions Engineering activities.
- Develop critical skills and establish long-term connections.
- Receive financial support including a stipend and travel allowances.
- Gain a competitive advantage and improve long-term career opportunities.

Provisions include:

- **Stipend:** Participants receive a monthly stipend to help defray living expenses during the appointment. Stipend rates are determined by HPCMP based on the participant's education level.
- **Dislocation Allowance:** A dislocation allowance may be provided for participants who

relocate more than fifty miles, one-way, to the designated host site. This includes roundtrip domestic travel to/from the host location. Participant is responsible for and local transportation prior to arriving at the designated host site.

- **Professional Travel:** Participants may be eligible for reimbursement of pre-approved professional travel expenses related to the educational goals of the designated opportunity.
- **Health Insurance:** Participants may be eligible to enroll in ORISE health insurance to cover medical, dental and vision insurance.

ABOUT ORISE

This program, administered by Oak Ridge Associated Universities (ORAU) through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and DoD. Participants do not enter into an employee/employer relationship with ORISE, ORAU, DoD or any other office or agency. Instead, you will be affiliated with ORISE for the administration of the appointment through the ORISE appointment letter and Terms of Appointment. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE. For more information, visit the ORISE Research Participation Program at the U.S. Department of Defense.

Qualifications Applicants must be full-time faculty from an accredited U.S. pre-college, college, or university in the science, technology, engineering or mathematics (STEM) field. Adjunct or visiting faculty are ineligible.

Applicants should be able to pass a National Agency Check and Inquiries (NACI) security investigation should they be selected and accept the internship offer.

A complete application consists of:

- Zintellect profile
- Educational and Employment History
- Curriculum Vitae (PDF)
- Salary Certification from your university

Submitted documents must have all social security numbers, student identification numbers, and/or dates of birth removed (blacked out, blackened out, made illegible, etc.) prior to uploading into the application system. All documents must be in English or include an official English translation. If you have questions, send an email to HPCMP@orise.orau.gov. Please list the reference code of this opportunity in the subject line of the email. Please understand that ORISE does not review applications or select applicants; selections are made by the sponsoring agency identified on this opportunity. All application materials should be submitted via the "Apply" button at the bottom of this opportunity listing. Please do not send application materials to the email address above.

Connect with ORISE...on the GO! Download the new ORISE GO mobile app in the Apple App Store or Google Play Store to help you stay engaged, connected, and informed during your ORISE experience and beyond!
