Application Deadline 3/7/2025 3:00:00 PM Eastern Time Zone

Description ***Applications are reviewed on a rolling-basis.**

ARS Office/Lab and Location: A research opportunity is currently available with the U.S. Department of Agriculture (USDA), Agricultural Research Service (ARS), located in Tuscaloosa, Alabama.

The Agricultural Research Service (ARS) is the U.S. Department of Agriculture's chief scientific in-house research agency with a mission to find solutions to agricultural problems that affect Americans every day from field to table. ARS will deliver cutting-edge, scientific tools and innovative solutions for American farmers, producers, industry, and communities to support the nourishment and well-being of all people; sustain our nation's agroecosystems and natural resources; and ensure the economic competitiveness and excellence of our agriculture. The vision of the agency is to provide global leadership in agricultural discoveries through scientific excellence.

Research Project: The Socio-Agroclimatology project aims to explore pathways for long-term resilience, equity, and sustainability of rural farming communities under the impacts of climate change and changing water availability. Integrating scientific research on land-atmosphere interactions and climate-smart agricultural practices with insights from diverse producers and community partners, the project seeks to address the challenges of declining rural populations, aging farmers, and climate-induced yield declines. The appointee will collaborate closely with the CONSERVE Research Group at the University of Alabama Water Institute,

Opportunity Title: USDA-ARS CONSERVE Fellowship

Opportunity Reference Code: USDA-ARS-SEA-2024-0393

contributing to their efforts on sustainable agricultural initiatives in support of the Socio-Agroclimatology project in Alabama

Learning Objectives:

- Gain experience in interdisciplinary research with the UA CONSERVE Research partner involving climate science, agricultural practices, and social networks.
- Develop skills in qualitative research methods, including data collection, social network analysis, and social simulation modeling (e.g., agent-based modeling).
- Enhance understanding of the socio-economic impacts of climate change on rural farming communities in the Southeastern United States.
- Engage with community partners to learn about the practical application of climate-smart agricultural practices at the small to mid level producer scales.
- Learn novel techniques of Science Communication and Community-oriented collaboration

Mentor(s): The mentor for this opportunity is Chris Delhom (chris.delhom@usda.gov). If you have questions about the nature of the research, please contact the mentor(s).

Anticipated Appointment Start Date: January 6, 2025. Start date is flexible and will depend on a variety of factors.

Appointment Length: The appointment will initially be for one year, but may be renewed upon recommendation of ARS and is contingent on the availability of funds.

Level of Participation: The appointment is full time.

Participant Stipend: The participant will receive a monthly stipend commensurate with educational level and experience.

Citizenship Requirements: This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation. Foreign national candidates may have a mandatory in-person requirement depending on visa status.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and ARS. Participants do not become employees of USDA, ARS, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

Opportunity Title: USDA-ARS CONSERVE Fellowship
Opportunity Reference Code: USDA-ARS-SEA-2024-0393

Questions: Please visit our [Program Website](#). After reading, if you have additional questions about the application process, please email ORISE.ARS.Southeast@orau.org and include the reference code for this opportunity.

Qualifications The qualified candidate should have received a doctoral degree in one of the relevant fields. Degree must have been received within the past five years.

Point of Contact [Janeen Pointer](#)

- Eligibility Requirements**
- **Degree:** Doctoral Degree received within the last 60 month(s).
 - **Discipline(s):**
 - **Computer, Information, and Data Sciences** ([6](#) )
 - **Earth and Geosciences** ([21](#) )
 - **Engineering** ([27](#) )
 - **Environmental and Marine Sciences** ([14](#) )
 - **Life Health and Medical Sciences** ([51](#) )
 - **Social and Behavioral Sciences** ([30](#) )
 - **Veteran Status:** Veterans Preference, degree received within the last 120 month(s).

Affirmation I affirm that:

I am a US Citizen, OR;
I am a non-US citizen currently living in the United States
