

Opportunity Title: UT-ORII SMaRT Internship Program for Summer 2026

Opportunity Reference Code: UT-ORII-SMARTSUMMER-2026

Organization UT-ORII

Reference Code UT-ORII-SMARTSUMMER-2026

How to Apply **Apply Today! Selection and Review:**

- Acceptance letters will be distributed in February and March 2026.
- Duration is 10 weeks from May 26 - July 31, 2026 (approximate dates)
- Priority will be given to applications received by November 15, 2025. Applications will be accepted until all spots are filled.

Description **Are you a current undergrad looking for a prestigious research opportunity? Do you want to gain hands-on experience at a national laboratory?**

The University of Tennessee - Oak Ridge Innovation Institute (UT-ORII) is seeking applications from undergraduate students currently enrolled in colleges and universities across the US who are interested in participating in its Science Alliance Student Mentoring and Research Training (SMaRT) Program. Students who will be rising sophomores, juniors and seniors in the Fall 2026 semester are eligible to apply. This prominent program will select approximately 40 qualified candidates to participate in a 10-week summer program scheduled from May 26 until July 31, 2026 (approximate dates). **May 26-29th will be conducted virtually.** As a selected intern, you will receive a funded internship, including stipends, housing and an allowance for travel to and from Knoxville, TN

You will engage in interdisciplinary research jointly administered by some of the nation's top researchers from The University of Tennessee and Oak Ridge National Laboratory. Dedicated graduate student mentors will work closely with you, and through focused professional development activities you will prepare materials necessary to apply for future opportunities. This summer program will build your network, build your resume and prepare you for the next steps in your academic and professional career.

Our program will provide research opportunities in the following areas:

1. **Transportation Mobility, Cybersecurity, and Automation**
2. **Circular Bioeconomy Systems, Environmental Science, Renewable and Recyclable Materials, Sustainable Manufacturing**
3. **Advanced Materials and Manufacturing, Materials in Extreme Environments, and Fusion Materials and Technology**

*Data science and engineering threads will be woven through each of these three areas.

Benefits to you as a SMaRT Intern:

The interdisciplinary atmosphere provided at UT-ORII will expose you to team science, an increasingly important platform for research. As an intern, you will also gain first-hand research experience in emerging fields (e.g. quantum information sciences and data sciences) while working with state-

ORAU Pathfinder

Whether you are just starting your career or already at a senior level, ORAU offers internships, fellowships, research opportunities, and contract positions that can provide you with invaluable experience. of-the-art research instruments (e.g. 3D printers of metals and polymers). Together, these experiences will help prepare you for exciting and rewarding careers. Interns will prepare CVs, personal statements for future opportunities, as well as short research presentations and scientific posters that can be presented at conferences. Graduate student mentors will work closely with SMaRT interns and will be available to share their graduate school experiences. Overall, participation in the SMaRT Program will help you understand and evaluate your future career options, including in academia, national laboratories, and in the industries of the future.

Stipends, Housing and Travel:

- The stipend will be \$700 per week. An additional \$250 will be loaded to your VolCard for expenses.
- University of TN on-campus housing will be provided. Housing will be apartment style.
- Travel will be reimbursed for inbound and outbound expenses up to \$1,200 for participants who live more than fifty miles, one-way, from the assigned hosting site.

About the Oak Ridge Institute at The University of Tennessee (UT-ORII):

The University of Tennessee (UT) and Oak Ridge National Laboratory (ORNL) have launched UT-ORII to foster interdisciplinary research and education. The primary goals of the institute are to: attract talent to East Tennessee and to develop a world-class STEM workforce that will, among other things, create and lead the industries of the future. UT-ORII brings together faculty, research scientists, students, and ORNL researchers to create a collaborative environment in which interdisciplinary discovery and creativity flourish.
