

Opportunity Title: Direct Imaging and Spectroscopy of Exoplanets with the Nancy Grace Roman Space Telescope Coronagraph Instrument

Opportunity Reference Code: 0230-NPP-MAR26-JPL-Astrophys

Organization National Aeronautics and Space Administration (NASA)

Reference Code 0230-NPP-MAR26-JPL-Astrophys

How to Apply All applications must be submitted in [Zintellect](#)

Please visit the NASA Postdoctoral Program website for application instructions and requirements: [How to Apply | NASA Postdoctoral Program \(orau.org\)](#).

A complete application to the NASA Postdoctoral Program includes:

1. Research proposal
2. Three letters of recommendation
3. Official doctoral transcript documents

Application Deadline 4/2/2026 6:00:59 PM Eastern Time Zone

Description About the [NASA Postdoctoral Program](#)

The [NASA Postdoctoral Program \(NPP\)](#) offers unique research opportunities to highly-talented scientists to engage in ongoing NASA research projects at a NASA Center, NASA Headquarters, or at a NASA-affiliated research institute. These one- to three-year fellowships are competitive and are designed to advance NASA's missions in space science, Earth science, aeronautics, space operations, exploration systems, and astrobiology.

Description:

The Nancy Grace Roman Space Telescope, set for launch in the mid-2020s, will have a technology demonstration called the Coronagraph Instrument. This will showcase a number of technologies together in space for the first time to achieve a 100-1000 fold improvement on current and near-term proposed coronagraphs. The Roman Coronagraph Instrument will be a key stepping stone to a future coronagraph capable of imaging exo-Earths. We seek qualified applicants to help plan and execute the Roman Coronagraph technology demonstration and possible follow-on science investigations.

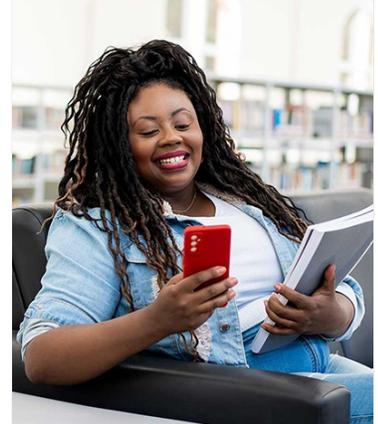

Location:

Jet Propulsion Laboratory
Pasadena, California

Field of Science: Astrophysics

Applications with citizens from Designated Countries will not be accepted at this time, unless they are Legal Permanent Residents of the United States. A complete list of Designated Countries can be found at: <https://www.nasa.gov/oiir/export-control>.

Eligibility is currently open to:

- U.S. Citizens;
- U.S. Lawful Permanent Residents (LPR);
- Foreign Nationals eligible for an Exchange Visitor J-1 visa status; and,
- Applicants for LPR, asylees, or refugees in the U.S. at the time of application with 1) a valid EAD card and 2) I-485 or I-589 forms in pending status
