

**Opportunity Title:** National Institutes of Health (NIH), National Institute of Allergy and Infectious Disease (NIAID) Collaborative Opportunities Fellowship  
Program\_2026

**Opportunity Reference Code:** NIH-NIAID-2026-0009

**Organization** National Institutes of Health (NIH)

**Reference Code** NIH-NIAID-2026-0009

**How to Apply** Click on *Apply* below to start your application. **\*Applications are reviewed on a rolling basis.**

**Description** The Office of Global Research (OGR), at National Institute of Allergy and Infectious Disease (NIAID), National Institutes of Health (NIH), is seeking candidates who are interested in learning about NIAID's research, specifically infectious disease research in various regions and the various research programs between NIAID and international partners. NIAID conducts and supports basic and applied research to better understand, treat, and ultimately prevent infectious, immunologic, and allergic diseases.

### What will I be doing?

Under the guidance of a mentor, fellows will be exposed to a variety of global health research activities that are STEM-based and will focus on selected infectious diseases of substantial health importance in developing countries. Projects range from science diplomacy, bilateral research programs, multilateral initiatives, opportunity-driven scientific engagement, communication efforts, and analysis of regional biomedical capacity and research.

### Why should I apply?

As a participant in a STEM research participation program you will learn about different NIH support mechanisms and different collaborative research programs involving NIAID, how to use various NIH and NIAID databases for data analysis, how to identify metrics and key indicators needed to evaluate any program, how to compare success between different types of collaborative research programs, how to make recommendations for future programs based on the available data, and learn the importance of science diplomacy in improving international relations.

### Where will I be located?

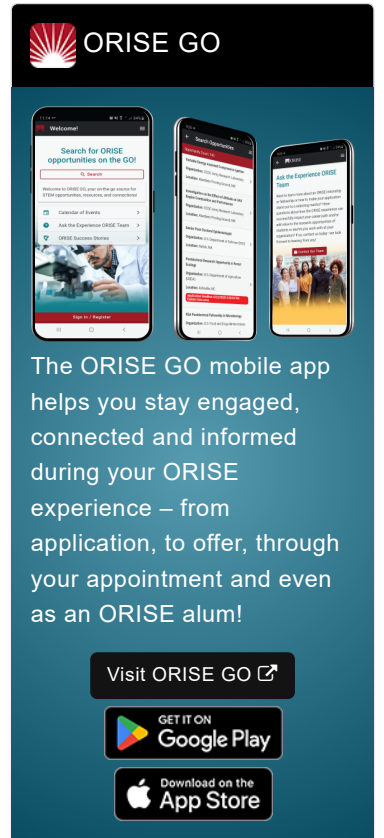

Fellows are expected to be fully engaged in-person at NIAID in Rockville, Maryland.

### What provisions will I receive?

The selected candidates will receive a monthly stipend to help offset living and other expenses during this appointment. Stipend rates are determined by NIAID officials and are based on the candidate's academic and professional background. In addition, NIAID may provide a health insurance supplement to cover the premium if you elect the ORISE health insurance plan, as necessary.

### What is the length of the appointment?

The appointment is typically for three to six months and may be renewed

further contingent on the availability of funds.

**When are selections made?**

Based on funding availability and available projects, the NIAID actively reviews applications throughout the year and looks to fill opportunities as soon as qualified applicants are identified.

**What is the Nature of Appointment?**

This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and the National Institute of Allergy and Infectious Diseases (NIAID). Participants do not become employees of NIH, NIAID, DOE or the program administrator, and there are no employment-related benefits.

**Qualifications** The qualified candidate should be currently pursuing or have received a bachelor's, master's or doctoral degree in one of the relevant fields. The degree must have been received within the last five years of the appointment start date. You must also be 18 years or older and be a U.S. Citizen or LPR to apply.

**Preferred skills:**

- Project management, resource management and business process management
- Ability to evaluate the effectiveness of procedures and their contribution to organizational goals and objectives
- Ability to make recommendations based on evaluations
- Strong verbal and nonverbal communication skills
- Research or analytical skills
- International experience, and non-English language skills (in addition to English)

**A completed application consists of:**

- A complete Zintellect profile.
- A program specific application submitted in Zintellect.
- Transcript(s) – Submit a copy of your most recent official transcript. For this opportunity, an unofficial transcript or copy of the student academic record printed by the applicant or by academic advisors from internal institution systems may be submitted to complete the application requirement, if you do not have a copy of your official transcript at the time of application. The transcript or academic record must include the name of the academic institution, name of the student, courses completed/in progress, grades and degree expected/awarded. A copy of your official transcript and/or letter showing proof of your degree may be required prior to starting the appointment. All transcripts must be in English or include an official English translation.

Program\_2026

**Opportunity Reference Code:** NIH-NIAID-2026-0009

- A current resume/CV, including academic history, employment history, relevant experiences, and publication list.
- One Recommendation - Applicants are required to provide contact information for at least one recommendation in order to submit the application. You are encouraged to request a recommendation from a professional who can speak to your abilities and potential for success, as well as your scientific capabilities and personal characteristics. Recommendation requests must be sent through the Zintellect application system. Recommenders will be asked to complete a recommendation in Zintellect. Recommendations submitted via email will not be accepted. Recommendation must be submitted before your application can be reviewed.

All documents submitted must be in English or include an official English translation. All social security numbers, student identification numbers, and/or dates of birth should be removed (blacked out or blackened out, made illegible, etc.) prior to uploading into the application system. If you have questions, contact us at [NIHprograms@orau.org](mailto:NIHprograms@orau.org). Please include the reference code NIH-NIAID-2026-0009 for this opportunity in your email.
