<b>Description</b>	<p>The Minority Serving Institutions Partnership Program (MSIPP) Internships is a new program to promote the education and development of the next generation workforce in critical science, engineering, technology, and math (STEM) related disciplines that complement current and future missions of DOE national laboratories. The MSIPP Internship program is designed to provide an enhanced training environment for next generation scientists and engineers by exposing them to research challenges unique to our industry.</p>

MSIPP Interns will be given the opportunity to complete Summer Internships aligned with ongoing U.S. Department of Energy Office of Environmental Management (DOE-EM) research under the direction of a host national laboratory. The internship will be performed at the host national laboratory, utilizing their facilities and equipment under the guidance of a research staff member.

Minority Serving Institutions are institutions of higher education enrolling populations with significant percentages of undergraduate minority students.

**Project:** In supporting the MSIPP, the intern will be involved in activities including but not limited to:

- Creating/maintaining spreadsheets to support MSIPP financial/budget spending;
- Ensuring data quality, accuracy and completeness of research proposal invoices; and
- Enhancing existing data collection, management and analysis systems to streamline implementation of monitoring and evaluation activities.
