Description The EPA Environmental Research and Business Support Program has an immediate opening for an Animal Resources and Research Support with the Office of Research and Development at the EPA Research Triangle Park facility in Raleigh Durham, NC.

The Office of Research and Development at the EPA supports high-quality research to improve the scientific basis for decisions on national environmental issues and help EPA achieve its environmental goals. Research is conducted in a broad range of environmental areas by scientists in EPA laboratories and at universities across the country.

NHEERL is the Agency's focal point for scientific research on the effects of contaminants and environmental stressors on human health and ecosystem integrity. NHEERL contributes significantly to five National research programs:

- Air, Climate and Energy
- Chemical Safety for Sustainability
- Safe and Sustainable Water Resources
- Sustainable and Healthy Communities
- Human Health Risk Assessment

The candidate will be mentored by the Director of the Animal Resources and Research Support Staff (ARRSS) and will provide support for all of the ARRSS. The ARRSS is responsible for all matters relating to the use of animal models in the conduct of research, teaching and training, including managing, providing guidance for, and providing oversight of the NHEERL animal care and use program, including oversight of the research vivarium.

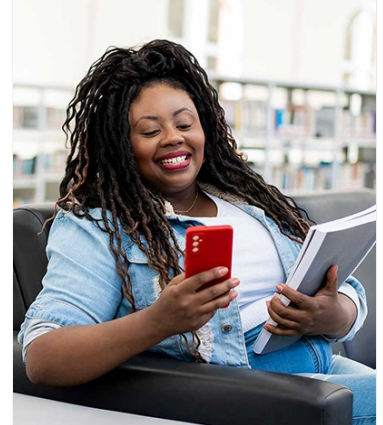

Management and Administrative responsibilities will include:

- Providing support to staff as needed in computer and information management to improve workflow, access of information and communications.
- Providing support to maintain and keep current a number of information databases and systems:
 - Will be responsible for data review and update as needed
 - Will extrapolate information from the databases to prepare quote requests and draft orders
- Assisting in communicating, scheduling, and following-up on training classes and requirements with the research staff.

General Administrative Support responsibilities will include:
