

Opportunity Title: Higher Education Research Experiences at ORNL- Faculty
Opportunity Reference Code: ORNL-HERE-FAC

Organization Oak Ridge National Laboratory (ORNL)
Reference Code ORNL-HERE-FAC
How to Apply Last updated: January 12, 2021.

Due to health and safety concerns over the COVID-19 outbreak, Oak Ridge National Laboratory is restricting visitor access to campus and has temporarily suspended new internship appointments. You may continue to apply to this opportunity, but appointment offers will vary by program and will only be issued once it is deemed safe to do so.

For the latest information and guidance, please visit these COVID-19 resources:

- Centers for Disease Control & Prevention: <https://www.cdc.gov/coronavirus/2019-nCoV/summary.html>
- State Department: <https://travel.state.gov/content/travel/en/traveladvisories/ea/novel-coronavirus-hubei-province--china.html>
- Department of Energy: <https://www.energy.gov/coronavirus-hub>

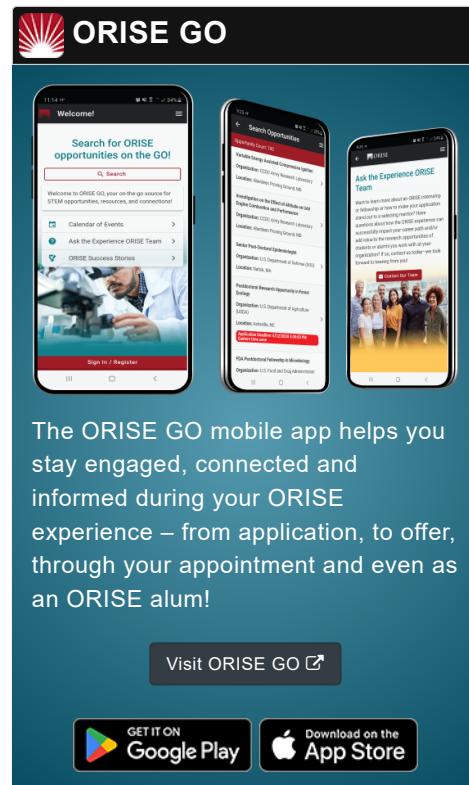

If you have any questions, please contact us at ORNLedu@ornl.gov.

The application will require:

- Profile information
- Academic institution information
- Statement of research interests
- Statement on benefits of appointment for your academic institution
- Letter of recommendation from department head addressing:
 - How you and the department would benefit from this appointment
 - Continuing teaching/research plans
 - Policies regarding appointment participation
 - Sabbatical details (if applicable)
- An updated resume (pdf)
- Preferred start/end dates
 - These dates may be considered by the ORNL mentor in determining appointment dates, but are not guaranteed
- If previous HERE Faculty participant:
 - Dates, locations, and mentors from previous assignments
 - PDF upload of most recent end-of-appointment report
- An updated resume/CV (PDF)

All documents must be submitted via Zintellect. All application components **must** be completed and received in the system in order to be considered.

For questions, contact HERE@ornl.gov.

Opportunity Title: Higher Education Research Experiences at ORNL- Faculty

Opportunity Reference Code: ORNL-HERE-FAC

Description The Higher Education Research Experiences (HERE) program at Oak Ridge National Laboratory (ORNL) provides opportunities for participation in research and related technical activities to qualified faculty. This experience offers selected participants the ability to collaborate with world-class scientists while providing hands-on research opportunities utilizing the unique resources of ORNL.

Application Deadline

This is a continuous posting. Applications will be reviewed and selected by ORNL mentors on a **rolling basis** as opportunities become available.

Description

- Full-time or part-time appointments may be offered
- Summer term, academic semester, or 6- to 12-month sabbatical
- Overall time in the HERE Faculty program limited to three years, with any combination of terms within that time period
- Flexible start and end dates

Benefits

- \$7,800/month stipend for full-time participation (paid monthly); pro-rated if part-time*
- \$866.67/month housing allowance (paid with monthly stipend) for full-time participants
- limited travel reimbursement for full-time participants if permanent address is at least 50 miles from Oak Ridge
- Sabbatical stipend awarded based upon the participants academic salary and current faculty contract
 - Sabbatical appointment candidates will be required to provide a statement describing the financial arrangements with their academic institution, including fringe benefits paid by the institution (state as a percentage of salary and itemize)
- Learn more about [Housing for ORNL Research Participants](#)

Before you get started on your applications, you should:

1. Review the research areas at ORNL to determine what best fits your career goals. You can see the six discipline areas at www.ornl.gov.
 - For example, if you choose Clean Energy you will learn more breakthrough areas, news, current research highlights, and more. And you can explore other research areas, or related links and organizations to identify your areas of interest and key words, important terminology, papers, etc. that can be used as you answer application questions or update your resume.
 - Or type a key word into the search box at the top right corner on www.ornl.gov and follow the links provided to identify key researchers at ORNL or go to the webpages of the directorates or divisions. For example, typing "Environmental Science" leads to the link for the Environmental Sciences Division.
 - And you can find general contacts and access many of the Division or User Facility pages under Our People. Be sure to click on the page links to find potential connections as the Director is usually not the best place

Opportunity Title: Higher Education Research Experiences at ORNL- Faculty

Opportunity Reference Code: ORNL-HERE-FAC

to begin your connection process.

After you have completed your application, then reach out via email (use the Our People – Contact Us – Find People - Staff Directory link at www.ornl.gov to enter a name and obtain an email address) to the researchers you identify.

1. Tell them about your background and describe how your career objectives and interests relate to their research.
2. Include an updated resume/CV in the email and let them know which programs you have applied to at ORNL.
3. Showing initiative by reaching out to discuss your passion for science and research is a great way to introduce yourself to potential mentors. This personal connection can be the key to "standing out" from other applications. **As many of our ORNL programs use "pool" application postings where multiple mentors will consider candidates with a variety of interests for varied educational project opportunities, this is a critical step for selection success.**

For more information, visit [Science Education Programs at ORNL](#) or contact HERE@ornl.gov.
