**Application Deadline** 4/30/2019 3:00:00 PM Eastern Time Zone

**Description** The U.S. Army Aeromedical Research Laboratory (USAARL) aims to provide medical research in the military operations environment to sustain the warfighter's performance by delivering medical research and developing, testing, and evaluating solutions to air and ground warriors. USAARL conducts medical research to develop and provide the biomedical basis for countermeasures that prevent and mitigate warrior injury.

An ORISE Library Science research opportunity is available with USAARL in Fort Rucker, AL. The participant will gain technical skills and professional development by assisting USAARL Research Librarian with research-relevant literature searches; cataloging of science, technology, engineering, mathematics, and aerospace medicine texts; technical document collection maintenance and development; etc. The participant would have the opportunity to learn military medical and research librarian skills, and expand their knowledge of library sciences in research fields relevant to USAARL, U.S. Army Medical Research and Materiel Command, and U.S. Army Medical Command.

For more information about USAARL, please visit <https://www.usaarl.army.mil/>.

#### Appointment Length

This research appointment is a twelve month research opportunity, the appointment may be renewed for four additional one year terms. USAARL would like to have the selected participant start in May/June 2019.

#### Participant Benefits

**ORISE GO**

The ORISE GO mobile app helps you stay engaged, connected and informed during your ORISE experience – from application, to offer, through your appointment and even as an ORISE alum!
