**Application Deadline** 4/18/2019 12:00:00 AM Eastern Time Zone

**Description** An ORISE research fellowship opportunity is currently available in the U.S. Department of Health and Human Services (DHHS), Office of the Assistant Secretary for Health (OASH), in Washington, DC.

An ORISE Fellow will be involved with data collection, analysis, and report development for HHS's Secretary's Minority AIDS Initiative (SMAIF)-funded projects with a particular focus on capturing accomplishments, lessons learned and best practices. The Fellow will also be responsible for identifying and implementing strategies, opportunities and mechanisms for increasing the visibility and dissemination of SMAIF programs and activities (and others) designed to improve the health outcomes for MSM, transgender and youth of color who are disproportionately affected by HIV.

The Fellow will be involved in a team environment in the Office of HIV/AIDS and Infectious Disease Policy (OHAIDP), with day-to-day supervision and principal mentoring provided by the Senior Advisor for Policy (OHAIDP).

This program, administered by ORAU through its contract with the U.S. Department of Energy to manage the Oak Ridge Institute for Science and Education, was established through an interagency agreement between DOE and HHS. The initial appointment can be up to one year, but may be renewed upon recommendation of HHS contingent on the availability of funds. The participant will receive a monthly stipend commensurate with educational level and experience. Proof of health insurance

---

is required for participation in this program. The appointment is full-time at HHS in the Washington, DC, area. Participants do not become employees of HHS, DOE or the program administrator, and there are no employment-related benefits.

#### **Qualifications**

- A successful candidate should have a masters or terminal-level degree encompassing a variety of general public health subjects (e.g., epidemiology, biostatistics, health policy, sociology, and health systems) with preference given to those with academic concentrations involving various aspects of population-based infectious diseases in the last five years. Preference will be given for candidates with experience working on HIV-related issues in communities of color.

#### **Eligibility Requirements**

- **Degree:** Master's Degree or Doctoral Degree received within the last 60 month(s).
- **Discipline(s):**
  - **Communications and Graphics Design** (1 )
  - **Computer, Information, and Data Sciences** (1 )
  - **Life Health and Medical Sciences** (1 )
  - **Social and Behavioral Sciences** (2 )
