

Opportunity Title: Geoscience Internship

Opportunity Reference Code: DOE-MSIPP-19-13-LANL

Organization U.S. Department of Energy (DOE)

Reference Code DOE-MSIPP-19-13-LANL

How to Apply A complete applied

A complete application must include the following to be considered:

- Completion of all required fields in the application and successful application submission
- · Undergraduate or graduate transcripts as appropriate
- Two recommendations

If you have questions, send an email to us at MSIPPinternships@orau.org . Please include the reference code for this opportunity in your email.

For Technical information, contact Emily S. Schultz-Fellenz at eschultz@lanl.gov

Application Deadline 1/21/2019 11:59:00 PM Eastern Time Zone

Description

The Minority Serving Institutions Partnership Program (MSIPP) Internships is a new program to promote the education and development of the next generation workforce in critical science, engineering, technology, and math (STEM) related disciplines that complement current and future missions of DOE national laboratories. The MSIPP Internship program is designed to provide an enhanced training environment for next generation scientists and engineers by exposing them to research challenges unique to our industry.

MSIPP Interns will be given the opportunity to complete Summer Internships aligned with ongoing U.S. Department of Energy Office of Environmental Management (DOE-EM) research under the direction of a host national laboratory. The internship will be performed at the host national laboratory, utilizing their facilities and equipment under the guidance of a research staff member.

Minority Serving Institutions are institutions of higher education enrolling populations with significant percentages of undergraduate minority students.

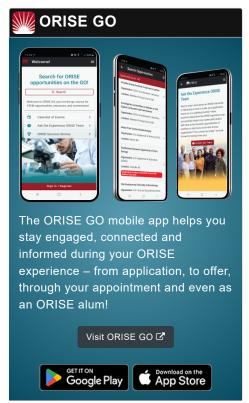

For more information about The Minority Serving Institutions Partnership Program (MSIPP) Internships, please visit http://srnl.doe.gov/msipp/internships.htm.

Opportunity Title: Geoscience Internship

Opportunity Reference Code: DOE-MSIPP-19-13-LANL

analyses and fused analyses of multiple geoscience data modalities.

Location: This internship will be located at Los Alamos National Laboratory.

Salary: Selected candidate will be compensated by either a stipend or salary, and may include one round trip domestic travel to and from the host laboratory. Stipends and salaries will be commensurate with cost of living at the location of the host laboratory. Housing information will be provided to interns prior to arrival at the host laboratory, and will vary from lab to lab.

Application Deadline: January 21, 2019

Expected Start Date: May 28, 2019

Qualifications

Eligible applicants

must:

- · Be a citizen of the United States,
- · Be at least 18 years of age,
- Currently enrolled as a full-time undergraduate or graduate student at an accredited Minority Serving Institution, https://orise.orau.gov/msipp/documents/approved-msischool-list.pdf,
- Working toward a science, technology, engineering, or mathematics (STEM) degree,
- Have an undergraduate or graduate cumulative minimum Grade Point Average (GPA) of 3.0 on a 4.0 scale, and
- Pass a drug test upon selection to participate in the MSIPP.
 The process and timing for drug testing varies from lab to lab. Use of Marijuana/Cannabis or its derivatives if prescribed is legal in some states. However, having these drugs in your system is NOT legal at United States Federal Contractor sites and National Laboratories.

Preferred skills:

Preference to those with experience in database management, Python, and/or machine learning. Experience and/or FAA authorization to fly small unmanned aerial systems (UAS) a plus.

Eligibility Requirements

- Citizenship: U.S. Citizen Only
- Degree: Currently pursuing a Master's Degree or Doctoral Degree.
- Overall GPA: 3.00
- Discipline(s):
 - Earth and Geosciences (1
 - Environmental and Marine Sciences (2
