

**Opportunity Title:** Research, review, and development of a knowledge base for regulatory food applications - FDA CFSAN

**Opportunity Reference Code:** FDA-CFSAN-2019-0002

**Organization** U.S. Food and Drug Administration (FDA)

**Reference Code** FDA-CFSAN-2019-0002

**How to Apply** A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- Two educational or professional references

All documents must be in English or include an official English translation.

If you have questions, send an email to [FDArpp@orau.org](mailto:FDArpp@orau.org). Please include the reference code for this opportunity in your email.

**Description** An opportunity is available at the U.S. Food and Drug Administration (FDA), Center for Food Safety and Applied Nutrition (CFSAN) in College Park, Maryland.

This project involves training an intern to observe the development and implementation of an existing repository of scientific information essential to the work of the review scientists in the Office of Food Additive Safety. The repository includes chemical, toxicological, and other scientific data, as well as regulatory information.

The learning objectives of this appointment are as follows:

- The candidate will receive training on regulatory information management initiatives, observing various databases and applications (e.g., Food Applications Regulatory Management, SharePoint, Global Substance Registration System), and will learn the optimization of information management for different types of regulatory and scientific information. The candidate will learn how to organize, manage, analyze, and perform quality control on databases, and how to summarize findings of analyses.
- The candidate will observe meetings to learn how to brainstorm ideas for projects and how to create oral presentations. Additionally, the candidate will observe and learn how these ideas are applied to the overall goals of the Office of Food Additive Safety.

This program, administered by ORAU through its contract with the U.S. Department of Energy to manage the Oak Ridge Institute for Science and Education, was established through an interagency agreement between DOE and FDA. The initial appointment is for one year, but may be renewed upon recommendation of FDA contingent on the availability of funds. The participant will receive a monthly stipend commensurate with educational level and experience. Proof of health insurance is required for participation in this program. The appointment is full-time at FDA in the College Park, Maryland, area. Participants do not become employees of FDA, DOE or the program administrator, and there are no employment-related benefits.

The Homeland Security Presidential Directive-12 (HSPD-12) mandates a background check be completed for both U.S. Citizens and foreign nationals. Foreign nationals must have resided in the U.S. for at least three (3) of the past five (5) years in order for FDA to be able to complete a background check.

**Qualifications** The qualified candidate must have received a bachelor's degree in Computer Science or Information Management Systems. Degree must have been received within five years of the
