

Opportunity Title: CDC Public Health Fellowship
Opportunity Reference Code: CDC-DFWED-2019-0086

Organization Centers for Disease Control and Prevention (CDC)

Reference Code CDC-DFWED-2019-0086

How to Apply A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation

All documents must be in English or include an official English translation.

If you have questions, send an email to ORISE.CDC.NCEZID@orau.org. Please include the reference code for this opportunity in your email.

Application Deadline 5/14/2019 3:00:00 PM Eastern Time Zone

Description A research opportunity is available in the Division of Foodborne, Waterborne, and Environmental Diseases (DFWED) in the National Center for Emerging and Zoonotic Infectious Diseases (NCEZID) at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia.

The fellowship will support the Office of Antimicrobial Resistance (AR) Division of Foodborne, Waterborne, and Environmental Diseases (DFWED). The selected candidate will train with and assist the project team and team lead, the Associate Director for Antimicrobial Resistance. The participant will be involved in training activities to learn how to interact with internal and external partners, conducting tracking research for reporting on departmental issues, learning how to do research on AR objectives, and training how to read and write proposals.

Under the guidance of a mentor, the participant will have the opportunity to be involved in the following activities:

- Researching Antimicrobial issues
- Assisting in preparing and monitoring budgets
- Communicating with Stakeholders
- Assisting in drafting and reviewing documents and reports
- Participating in Branch and Team meetings
- Maintaining communication with project leaders

This program, administered by ORAU through its contract with the U.S. Department of Energy to manage the Oak Ridge Institute for Science and Education, was established through an interagency agreement between DOE and CDC. The initial appointment can be up to one year, but may be renewed upon recommendation of CDC contingent on the availability of funds. The participant will receive a monthly stipend commensurate with educational level and experience. Proof of health insurance is required for participation in this program. The appointment is full-time at CDC in the Atlanta, GA, area. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits.

Qualifications The qualified candidate should have received a master's degree in public health. Degree must have been received within five years of the appointment start date.
