**Description** THIS POSITION HAS BEEN RESPOSTED. PLEASE SEE REFERENCE CODE: EPA-SSP-0021-2-02-18-20

The EPA National Student Services Contract has an immediate opening for a full-time Science Advisor Communication Support with the Office of Research and Development at the EPA facility in Washington, D.C.

The Office of Research and Development at the EPA supports high-quality research to improve the scientific basis for decisions on national environmental issues and help EPA achieve its environmental goals. Research is conducted in a broad range of environmental areas by scientists in EPA laboratories and at universities across the country.

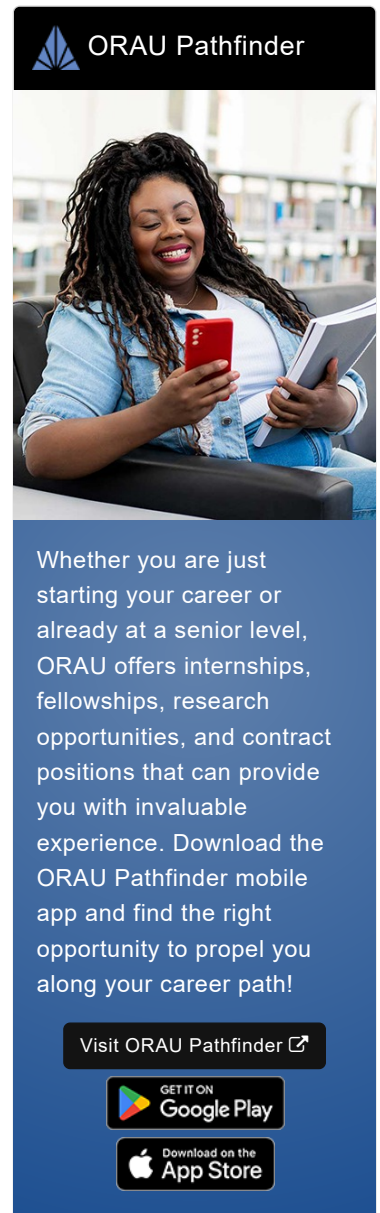

#### What the EPA project is about

The U.S. EPA Office of Research and Development's (ORD's) Office of the Science Advisor provides leadership for cross-Agency science and science policy development and implementation to ensure the best possible use of science at the Agency to protect human health and the environment.

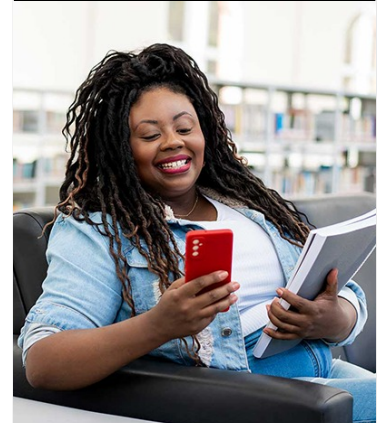

#### What you will be doing

As a team member, you will assist OSA with supporting the work of various science for a and workgroups, providing the following type of support:

- Supporting science and policy focused for a and workgroups by preparing, reviewing and editing scientific documents, and assisting with meeting planning and logistics, including preparation of scientific meeting materials and creating PowerPoint presentations;
- Working with OSA staff and across EPA to implement communication materials and outreach products (MS Word documents, PowerPoint presentations and Excel files), ensuring that target audiences are identified and that feedback is documented. This may include creating one-page scientific summaries, developing longer pieces based on directed background research, and surveys and survey responses;
- Preparing graphics or images using industry standard software and approaches (e.g. digital photos, graphic files-Illustrator, Photoshop and InDesign). Electronic information, images, data and written information prepared under this Statement of Work will be the property of EPA; and
