

Opportunity Title: Epidemiology Post-Doctoral Fellowship
Opportunity Reference Code: USAF-DGMC-CIF-2020-0003

Organization U.S. Department of Defense (DOD)

Reference Code USAF-DGMC-CIF-2020-0003

How to Apply Components of the online application are as follows:

- Profile Information
- Educational and Employment History
- Essay Questions (goals, experiences, and skills relevant to the opportunity)
- Resume (PDF)
- Transcripts/Academic Records - For this opportunity, an unofficial transcript or copy of the student academic records printed by the applicant or by academic advisors from internal institution systems may be submitted. [Click here for detailed information about acceptable transcripts.](#)
- 1 Recommendation(s)

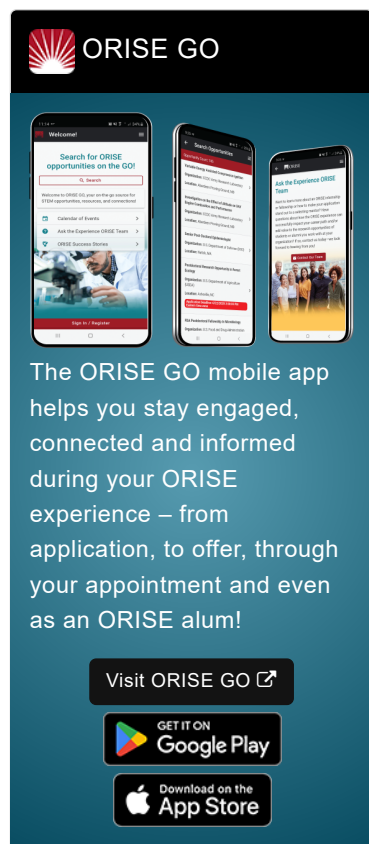

Submitted documents must have all social security numbers, student identification numbers, and/or dates of birth removed (blanked out, blackened out, made illegible, etc.) prior to uploading into the application system.

If you have questions, send an email to AIRFORCE@orise.orau.gov. Please list the reference code of this opportunity in the subject line of the email.

Letter of Recommendation: While a letter of recommendation is not required to be considered, applicants are required to provide contact information for one recommendation in order to submit the application. Applicants are encouraged to request a letter of recommendation before submission as this may help reviewers have a better understanding of the applicant's qualifications and interests. If selected, a letter recommendation must be submitted on your behalf upon acceptance of the appointment.

All documents must be in English or include an official English translation.

Description A Joint Commission-accredited teaching hospital, David Grant USAF Medical Center is the Air Force Medical Service's flagship medical treatment facility in the United States, providing a full spectrum of health care and patient-centered treatment to a prime service area population of more than 130,000 TRICARE eligible patients in the immediate San Francisco-Sacramento vicinity and more than 377,000 Department of Veterans Affairs Northern California Health Care System eligibles.

Opportunity Title: Epidemiology Post-Doctoral Fellowship
Opportunity Reference Code: USAF-DGMC-CIF-2020-0003

DGMC provides postgraduate training programs in family medicine, radiology, surgery, transitional year, dentistry, oral surgery, nurse anesthesia, pharmacy, clinical social workers, technicians and clinical nurses. The campus includes the VA Fairfield Outpatient Clinic, a Clinical Investigation Facility, a community-supported Fisher House, the largest Hyperbaric Medicine chamber on the west coast and the Armed Services Whole Blood Processing Laboratory.

Under the guidance of a mentor, the participant will be involved in two ongoing projects at the 60th MDG CIF: 1) Creation of Comprehensive USAF Electrocardiogram (ECG) Database with outcomes (FDG20170035H) and 2) Long-Term Outcomes after Combat Trauma (FDG20160014H). As part of this research opportunity, the participant will learn to collect and analyze data from multiple Department of Defense datasets. They will collaborate with the mentor and a multi-disciplinary team to publish research applicable to the military.

Appointment Length

This appointment is a twelve month research appointment, with the possibility to be renewed for additional research periods. Appointments may be extended depending on funding availability, project assignment, program rules, and availability of the participant.

Participant Benefits

Participants will receive a stipend to be determined by **USAF-DGMC-CIF**. Stipends are typically based on the participant's academic standing, discipline, experience, and research facility location. Other benefits may include the following:

- Health Insurance Supplement. *Participants are eligible to purchase health insurance through ORISE.*
- Relocation Allowance
- Training and Travel Allowance

Nature of Appointment

The participant will not enter into an employee/employer relationship with ORISE, ORAU, DOD, or any other office or agency. Instead, the participant will be affiliated with ORISE for the administration of the appointment through the ORISE appointment letter and Terms of Appointment.

Qualifications The candidate should have earned a Ph.D. in epidemiology, possess skills with SAS, and have some experience with Department of Defense datasets.

Eligibility • **Degree:** Doctoral Degree received within the last 60 month(s).
